Goldilocks and the three dinosaurs

'Willems has provided his best work so far - this is already a delicious treat for original and fluent kids and for funny fans, everyone will want to read it again and again.' --Booklist (starring review) With a sense of irony (and humor) as sharp as talon in this dinosaur trio, Willems's re-story is a sure bet for audiences who have moved beyond the more mildly witty fare. --Publishers Weekly (lead review) Praise for Amanda and Hooray for her alligator: Six and a half years of short stories constitute this cleverly fast-paced page-turner about a girl and her toy crocodile, racing with the child-centered humor that Willems built his career on. --Publishers Weekly (lead review) Praise for Horay for Amanda and her alligator: Pacing, word volume and wide trim size are all fascinating and encouraging, and readers are approaching a cozy friendship between Amanda and her impatient stuffed friend. -- Kirkus Review (Starring Review) Hilariously Fractured Fairy Tales. Leading Of Group Storytime -- Kirkus Review Mo Willems is our time when Margaret Wise Brown was half a century ago. Like Brown, Willems has his finger on the pulse of what interests children most. His book is simple, not simple. They are smart, witty, varied and amazing. -- The Boston Globe On every page, the text winks widely at the reader, first pointing and playing with the conventions of folklore, narrative voices, literary foreboding, and mediocre old common sense. --Horn Book (starring review) This is pure Mo Willems, a lot of visual gags and tight, tongue-in-cheek narrative lines to end papers. Readers of all ages will find plenty of laughs in this wacky re-story. -- School Library Journal (lead review) Praise for Amanda and Hooray for her alligator: Funny and heartwarming, it completely satisfies Willems fans. School Library Journal (starring review) A long time ago, there were three hungry dinosaurs: papa dinosaurs and mom dinosaurs. One day, for no particular reason, they decided to clear the house, make a bed and prepare puddings of various temperatures. And for no particular reason, they decided to go, somewhere else. They definitely hadn't set traps for some unsuscthy, unassigned little girls. Definitely nott this new take on the fairytale classic is so funny that it's original; it could come from the brilliant mind of Mo Willems. Mo Willems knows a good idea when he sees one. The three-time Caldecott Honor winner (also Don't Let the Pigeon Drive the Bus!, Nafui Bunny and Nafui Bunny) won two Geisel Medals and two Geisel Honors in elephant and piggy books. His book is a perennial New York Times bestseller that includes Nafie Bunny Free, Amanda & Hooray for Her Alligator/Cat series cat. Before making the picture book, Mo was a Sesame Street writer and animator who won six Emmy Awards. Mo lives with his family in Massachusetts. Three dinosaurs, Goldilocks and Mo Willems Once Upon a Time, a poorly directed girl trespassed on the home of three hungry dinosaurs to trap a little girl's bonbon. There's no bear in this story, but there's a pudding! It's a wacky, twisted fairy tale Kid Time Storytime adults will love as much as children! classic story, twisted! With a sense of irony (and humor) as sharp as talon in this dinosaur trio, Willems's re-story is a sure bet for audiences who have moved beyond the more gently witty fare. -- Publishers Weekly One of anson elementary school's most memorable gatherings in recent years, this hilarious story was performed by Roundwood with a twisted mix of singing, dancing and storytelling. Page 20 August Today we begin to celebrate a little bit of pantomime. But do you know the rules of pantomime? To be a panto version of the story, you need a production: • Celebrated with songs by a chorus of townspeople and set in a romantic vision of the local community. • See love victories and redeemed villains. • Its villain enters from the left of the stage and has its hero from the stage right. • Feature original songs and parodies of popular songs of the day, and sing along with lyrics printed on sheets of giant songs. • Including dota-tabata. • Challenge your audience to call and respond with characters. • Feature no good making risque jokes and throwing sweet things to the audience. • Allow actors to acknowledge the presence of the audience while remaining in danger in the story. • At some point, bring your child from the audience on stage. Now, see if anson players are sticking to any of these rules with Cinderella's 2011 (yes nine years ago) performance. At the time, the children in year 6 were just two years old!
