If you no longer have the ingredients (s) needed for a mixture, you still make the mixture by paying gems for the missing ingredient(s) or collecting some from the forest. These costs vary for each ingredient. Once made, a totem can be placed in one of the four slots outside Zecora's Hut, where it will generate shards four times. After that, it will have to be removed as an obstacle to make room for a new totem. The cost is 2,500 bits and takes an hour to complete. Totems can be purchased immediately from the Totem Shelf without the need to wait or use ingredients in exchange for gemstones, but I don't really prefer the patience. This is only available for a certain totem if it has already been unlocked by finding their ingredient combination at least once.
