First published in 1958, it is an autobiographical account of a teenage boy and his father at Auschwitz. Elie Wiesel writes about their struggle for survival and his struggle with God for a way to understand the ruthless cruelty they witness every day. In his short novel Dawn (1960), a young man who survived World War II and settled in Palestine joins the Jewish underground movement and is ordered to execute a British officer who has been taken hostage. In The Day (formerly titled Accident, 1961), Wiesel questions the boundaries of conscience: Can Holocaust survivors create a new life despite their memories? Wiesel's trilogy offers a glimpse of humanity's attraction to violence and the temptation of self-destruction. English (United Kingdom) English (United States) Español (Latinoamérica) Author... built knowledge into art fiction. -The New York Times Book ReviewElisha is a young Jewish man, Holocaust survivor and Israeli freedom fighter in Britain-controlled Palestine; John Dawson is a captured English officer who is killed at dawn in retaliation for the British execution of a fellow freedom fighter. A night of waiting for the morning and death provided by Dawn, Elie Wiesel is an increasingly timely novel, with its agonizingly tense, hour-by-hour narration. Caught between the diverse horrors of the past and the troubling dilemmas of the present, Elisha struggles with guilt, ghosts, and finally God as he waits for the appointed hour and his act of assassination. Dawn is an eloquent meditation on the compromises, justifications, and sacrifices that human beings make when they murder other human beings. Beings.
