WoodsProvide large pieces of newsprint. Encourage the children to work together to paint a forest painting. Talk about and show pictures of what the forest looks like. Paint trees, flowers, forest critters, paths. When you're dry, stay out of the classroom. This is the forest before you enter the castle: your classroom! CrownsMaterials Necessary: cardboard crown stencils, large building paper in a variety of colors, glue, various arts and crafts, marker, scissorsChildren track their choice of crown design stencil on large building paper and cut it out. The children add their own décor to the crown. When dry, fit the child's head and pin. (I usually lose the staples to cover them. They sometimes will catch in the children's hair). Note: If you use heavy craft materials (jewels or the like), you may want to use heavier paper than building paper so that it does not rip, such as tagboard. Princess Hats Roll building paper in a cone shape and ensure after the children have painted and decorated. Attach ribbons, streamers or transparent and sparkling fabric from the top. Knight HelmetsNeeded: 1 plastic milk or water gallon jug for each child; craft glue; various craft suppliesCut the tops off and cut them to just cover the top, back and sides Head. Children decorate by pasting their choice of items on. Magic WandsMaterials needed: long paint sticks (those you mix liters of paint with. Most stores will donate them to you); markers; stencils of starforms; cardboard; hot glue gunChildren decorate their stick with markers. They trace an asterisk (or other form) on cardboard and cut out (you may need to pre-cut - cardboard is difficult to cut for preschoolers). The children paint and sparkle the star. Hot glue or tape star at the end of his wand! VARIETY: A teacher simply had children decorate (with crayons) a colored piece of building paper. When it was

finished, she rolled the paper tightly up and used clear tape to cover it for basic wands. Castle Flags or BannersMaterials needed: poster board carved into smaller rectangles; paint, glitter, glueShow the children different pictures of flag books. Kids design their own flags to show around the classroom castle!
