Fortunately, you don't need to buy a brand new grill to enjoy your favorite features. Buy our collection of Traeger spare parts to enhance your current grill and save time and money. To help you work up the most from culinary endeavors, consider upgrading your grill with some of Traeger's grill parts:Iron Cast & Porcelain Grill GratesMaster plays your grill with new cast-iron bars. Heavy cast-iron bars allow for deeper tyre and excellent heat keeping, resulting in impressive grilled meats and vegetables at a time. Not only does a rusty grill give an unpleasant taste to grilled containers, it can also be dangerous to cook with. With a new grille in place, enjoy the delicious flavours of wood-fired burgers, sausages, steaks and vegetables without fear of rust contamination. Traeger Grill Kits are available in multiple sizes to perfectly fit your grill, and include the following: one cast iron grill gate for perfect equal heat distribution and one porcelain grill perfect for easy cleaning with all your TraegerExtra Storage SpaceWhile Grill Traeger series allowing you to roast, bake, smoke, refresh and barbecue your favorite foods, sometimes, you need more room to store extras, sides and essential tools. Get the ideal vegetable cutting prep station and keep grills accessible by plugging in a foldable front shelf. For an additional storage room, install a lower storage shelf to keep grill items such as wooden balls and tools in one accessible place. Wooden balls storage buckets storage pellets a practical way to store wood fire fuel. Built of galvanized steel to prevent rust, these buckets can hold up to 9kg of wooden pellets and feature wooden handles for easy transport. Paired with a weatherproof Traeger ball storage cap, sealed to keep wood dry between use and a filtration kit that separates sawdust from the balls to ensure a cleaner grill experience. Power take-offs Get the fresh, fresh flavor you love everywhere you go with a high-efficiency power inverter. Traeger's power inverter connects to each Traeger grill with digital thermostat control and converts traditional 12Vdc power consumption to 110V/60HZ AC. This way, you can make your favorite cuts of meat in the backgate, campsite and other adventures. More Traeger grill parts Are you looking to take your grilling skills to the next level or do you need traeger spare parts, you've come to the right place.
