View NameThe Animals' Christmas Tree (musical) 'Twas opening night before ChristmasPrezenti on Parade (musical)Description When animals of winter wood wake up to find that their favorite pine is missing from the forest, they join together and join a great search. They eventually discover their rare pine trees displayed in a square near Merryville, just as the annual tree lighting celebration begins. They watch in amazement as the festive villagers decorate the tree, which is more beautiful than ever. It is Christmas Eve in the church and the procession must continue for an hour. Even when parishioners are lining up at the door players aren't ready, big plans are over budget, directors are engaged in a power struggle, the congregation keeps clucking away, and all the while the pastor hopes to raise funds to help the homeless by hanging on the wing and praying. When the children learn that they could capture a place in the Toyland store's amazing tradition, they march into action. Soon, everyone will join the ranks of the festive holiday parade.
