Apk Mirror 1: : Download APK FaceTime is an Apple exclusive and it is one of the best free video calling services available. But that doesn't mean there are no Android contenders. With that in mind, I searched for some alternative apps for Android, and I found the best ones you can use. Just so you know, FaceTime is just like any other app that has a video call function. And there are many apps that offer free calls on your Android device. Apps like Facebook messenger and Instagram also have a video calling feature, and they're an app that I recommend before trying out the other apps. Which apps should I download? With thousands of apps available in the Google Play Store, it's definitely an app similar to FaceTime. Most social media apps already have a video calling feature that you can use for free. There are also dedicated video calls like Google Duo. 1. Video calls apps for Android FaceTime As Android App I strongly recommend checking out our list of free Android video calling apps. You can easily download and install these FaceTime options for Android from the Google Play Store. The feature where you can make a video call via cellular network depends on the operator, country, and phone. If you have data, you can use the apps effortlessly. Google Hangout Google Hangout If there is an app that I can strongly recommend as an alternative to FaceTime for Android, it is Google Hangout. You can turn a conversation into a video call with just one tap. You can either talk one-to-one or invite friends to a group conversation with up to 10 people. If you'd like to learn more about the Google Hangout app, read our in-depth Hangout review. You can also easily download and install it from the Google Play Store. 3. Google Duo Google Duo Google Duo is a reliable, high-quality video call that works on both iOS and Android devices. Duo doesn't have text message features, but you can send video voice messages to your friends. This app has received great reviews on the Play Store and has received a lot of praise from users, which I can also offer. If you want an app that has all the features of FaceTime and more, this is a great app for you. FREQUENTLY ASKED QUESTIONS Will all video calls work in all countries? Yes! These apps will work as long as you have a good and stable Internet connection. Is the FaceTime app free? Yes. FaceTime is included in all Apple devices. You don't have to pay for it. Are there hidden costs when using video calls? There are many free video calling apps that do not require any kind of payment. They are all free to use without any kind of hidden costs. All you need is a stable connection! Fortunately, there are many Android video calls on the Play Store. There are also apps that cater to specific audiences, such as a messaging app for couples, or communication apps designed for the elderly. Depending on what you're using it for, I suggest choosing the most basic app if you don't need all the additional features. It's best to try testing different alternative apps for FaceTime and find the one that's best for you— especially since they're all free!
