Deep blue sea science olympiad

Come back soon for links and info to study! Layers of ocean The Living Sea What kind of ocean animal is this? An article about Ocean Currents 20Major%20Ocean%20Currents.htm Marine Biomes See what you know with a Scholastic Study Jam! Description: This event tests students' knowledge of oceanography. Number of participants: 2 Estimated time: 30 minutes The contest: On Part I the participants Will view photos and/or slides and questions related to identifying members of the following areas: Ocean flora (algae, kelp, etc.) Ocean fauna (mammals, molluscs, etc.) Ocean liners and equipment used when exploring (diving clocks, submarines, scuba gear, etc.) On Part II, participants will respond to a series of questions related to the following topics: Physical characteristics (trenches, mountains, etc.) Phenomena (tidal waves, currents, etc.) Geography (location and identification of oceans, seas, large bays, etc.) Vocabulary (relating to one of the above topics) Each team receives a test pack and an answer sheet. Team members can consult with each other by writing or whispering. Only one answer for each question I will be accepted. At the end of the test period, the test package and answer sheets are collected from teams that have not submitted their answers. Scoring: The team that earns the highest score will be declared the winner. Two tiebreaker questions are included. 1 Deep Blue Sea Science Olympiad 2014 2 1. What kind of sea turtle am I? 3 2. What being am I? 4 3. What do you call this? 5 4. I'm a..... 6 5. What am I? 7 I'm a..... 8 6. What kind of fish am I? 9 7. I'm a.... 10 8. I'm a ... 11 9. What am I? 12 10. What kind of fish am I? 13 11. What am I? 14 12. What's my name? 15 13. This shrimp hangs out on ____ 16 Part II Now just put one, b, c or d for the following questions: 17 14. A tunicate is also known asA. sand dollar B. sanamyan C. squid D. sea squirts 18 15. Manatees eat A. sea shrimp B. algae C. crabs D. mussels 19 16. Leatherback sea turtles eatA. seaweed B. crabs C. jellyfish D. all of the above 20 17. Which of the following is the largest sea turtle?A. Green Sea Turtle B. Leatherback C. Hawkbill D. Loggerhead 21 18. Sturgeon eats A. worms B. molluscs C. insect larvae. the above 22 19. The part that protects seaweed at the ocean floor is called:A. holdfast B. frond C. blade D. stipe 23 20. Why are bottlenose dolphins born tail to get them used to their tail B. so that the cold water does not cause their bodies to go into shock C. to prevent them from swimming away from their mother D. so that the baby dolphin does not drown 24 21. What explanation applies to Atlantic Sturgeon?A. females are larger than males B. Atlantic Sturgeon have been around for only a few thousand years C. They are often found in the Lakes of Georgia D. They grow very fast 25 22. Mussels eat by: A. catching their food by snapping their shutB shells. using the foot as a hand to catch their food C using siphons to suck in their food D. none of the above 26 23. Green sea turtles are different from other sea turtles in any way?A. They are mainly herbivores B. They live only ten years C. They migrate the longest distance D. They are larger than the other sea turtles 27 24. Starfish eat their prey by:A. crushing its prey and eating it B. by expanding its stomach by grazing its mouth C. grazing on the moss while the starfish moves over it D. all of the above 28 25. Sand dollars are also known as: A. Dutch discs B. white sea flowers C. sea cookies D.

Spanish dollars 29 26. Right Whales got their name because:A. they were the right whale to hunt B. they always land on their right side when they jump out of the water C. They always turn right when avoiding ships D. When swimming in pods, they switch to the right to move other whales to the front 30 27. What kind of bone can we find off the coast of Georgia?A. Summer Flounder B. Winter Flounder C. Southern Flounder D. all of the above 31 You are now ready! Thank you for joining us! Participation!
