Upload the MyCareer file, then go to Player Updates » Select any of the three options (Attributes /Signature Skills/Animations). 3. Pay attention to the current SP, which can be seen in the lower-right corner of the screen. 4. Open Cheat Engine and click the Open Process button. 5. In the Process List window, select nba2k14.exe, and then click the Open button. 6. Type the current SP into the Input box value, and then click the First Scan button. 7. Return to NBA 2K14 and purchase any updates for your player. 8. Write down the value of the new current SP. 9.
