Buddy slot quotas are certainly filled with legendary players if a player is considered talented enough to make enough money. These players are sold freely in stores and unlocked with cards or transferred from other teams in the game. After all, Buddy has to try to build himself as the ultimate team. Be a successful team and a manager who can print history. In version 19, this is the latest football tracking technology, replay and VAR, as well as replays and VAR, as well as replays and VAR. Both of these techniques make the game fairer and more interesting for buddyFor example, the World Cup, VAR technology is making the game more competitive. It also makes the referee's job easier because it can depend on technology to make decisions that are not wrong. In addition to tracking the entire buddy team, Buddy can also give a buddy player number comfortably that matches the characteristics of the player. New and licensed games will be available in-game for players. There are more small changes to the user interface. However, in the graphics field, the game is much higher than the football manager version of the 2018 MOD APK. The movement of the players on the field will be much more nimble and when they appear on the training board it will be in full 3D format. Fix the bug because mod version transfers are made unacceptable. Fixed the removal of the shortlist. Transfer updates. Of course, it is very expensive if buddy looking for it in the display store has to pay around IDR.120.000. But here Buddy gets it for free.
