B series engine bay

Due to the EU's global data protection regulation, our website is currently unavailable to visitors from most European countries. We apologize for this inconvenience and encourage you to visit www.motortrend.com for the latest on new cars, car reviews & news, concept cars and auto show coverage, awards and much more. hello everyone. Has anyone please got a picture of the EK9 type R engine bay but bare? Any B series engine bay would be fine tbh as long as it is configuring the OE engine. I need a picture to study the position of the engine holder for conversion. Any help would be bad. Thanks John Last edited by the moderator: September 29th, 2009 thanks for the photos civicsport Cheers for the pictures guys. That helped me! yes ineed she was bent (2nd pic) Subscribe to our newsletter One order includes the following Engine Bay for NA EngineNA B-Series Engine Bay for Turbo Engine Turbo B-Series Engine. Made for Honda Civic EG by Hotweheels - Engine Bay & Engine Combo you've been waiting for! The parts come undeterned and the engine bay and engine combo are separated, leaving a painting breeze. Engine shaft installation process: Cut the bonnet along the casting and test if it fits in the motor shaft when you cut the price of the plastic interior along the glass lines. After cutting, put the glass and interior back into the casting and start the test assembly - additional grinding/trimming of the casting may be required. Engine bay will not come out because it has a card to press fit against the casting. Since the front of the site is removed, epoxy or glue should be used when re-assembling its own.
