Marvel's super-British animated giant Spider-Man: Parallel Universe perfectly showcases classic comics with CGI technology, recounting how miles of high school student Miles Morales grew from Peter Parker's Spider-Man to a new generation of superheroes. In the film Miles and Peter, Spider-Man Gwen, Shadow Spider-Man, Penny Parker and Piggy Man from other parallel universes gather in a group of six Spider-Man for the first time with the big screen, against the strongest reaction of the Spider-Man universe.
