Kazunori Toyoda and Jong S. Kim. 2021 Treatment. Rear Circulation StrokeAdvances in Understanding and Management, 165-175. Crossref Neel M. Butala, Farouc A. Jaffer and Marc S. Sabatine. 2021 Acute coronary syndrome. MGH Cardiology Board review, 59-80. Crossref Kevin C. Maki, Lane Benes and Mary R. Dicklin. 2021. , 307. Crossref Ian R. Hamilton-Craig, Kostner and Christian R. Hamilton-Craig. 2021. , 489. Crossref Joyce L. Ross. 2021. , 637. Crossref Brenda Kohn, Ambika P. Ashraf and Don P. Wilson. (2021) Should lipoprotein(s) be measured in youth?. Journal of Pediatrics 228, 285-289. Publish date online: 1-January-2021. Crossref Kumiko Muta, Yoko Obata and Tomoya Nishino. 2021 Diabetic kidney disease and cardiovascular disease. Diabetic kidney disease, 31-45. Crossref Nathan D. Wong and Yehuda Handelsman. Cardiodybetology: Reducing the risk of optimizing cardiovascular disease outcomes. ASPC Manual of Preventive Cardiology, 227-248. Crossref Jéssica Vicky Bernardo de Oliveira, Raquel Patrícia Ataíde Lima, Rafaela Cristhine Pordeus Luna, Alcides da Silva Diniz, Aléssio Tony Cavalcanti de Almeida, Náila Francis Paulo de Oliveira, Maria da Conceição Rodrigues Gonçalves, Roberto Teixeira de Lima, Flávia Emília Leite de Lima Ferreira, Sônia Cristina Pereira de Oliveira Ramalho Diniz, Alexandre Sergio Silva, Ana Hermínia Andrade e Silva, Darlene Camati Persuhn Maria José de Carvalho Costa and Juan J. Lóor. (2020) Direct correlation between oxidative stress and LDL-C levels in adults is maintained by the Friedewald and Martin equations, but methylation levels in the MTHFR and ADRB3 genes vary. PLOS ONE 3:12 p.m., e0239989. Online publication date: 16-December 2020 Crossref Peter P Toth, Michael Hull, Craig Granowitz and Sephy Philip. (2020) Real-world analyses of patients at elevated risk of atherosclerotic cardiovascular disease from the Optum Research database. Future cardiology 68. Publish date online: 4.12.2020. Crossref Ye Seoul Yang, Bo Ram Yang, Mi-Sook Kim, Yunji Hwang and Sung Hee Choi. (2020) Low density lipoprotein cholesterol target achievement rates in high-risk patients with cardiovascular disease and diabetes mellitus in Korea: a retrospective cohort study. Lipids in health and disease 19:1. Publish date online: 11-January-2020. Crossref Theodoros Androutsakos, Maria Schina, Abraham Pouliakis, Athanasios Kontos, Nikolaos Sipsas and Gregorios Hatzis. (2020) Causal factors of liver fibrosis in patients infected with HIV. One study of the center. BMC Gastroenterology 8:1 p.m. Online publication date: 6-April-2020 Crossref Boya Zhao, Xiaoning He, Jing Wu and Shu Yan. (2020) Adherence to statins and its impact on clinical outcomes: a retrospective study based on the population in China. BMC cardiovascular disorders 8:1 p.m. Online publication date: 10-June 2020 Crossref Meiyuan Chen, Jing Xiao, Yuan Du, Wang, Wang, Ruan and Ye Tian. (2020) Elevated non-high density lipoprotein cholesterol corresponds to a high risk of nephrolithiasis in children. BMC Urology 8:1 p.m. Publish date online: 10-August-2020. Crossref Rong Du, Mingxia Li, Xi Wang, Suyuan Wang, Sheyu Li, Haoming Tian, Yunhong Wu and Chenghui Zhang. (2020) LDL-C/HDL-C ratio associated with carotid intim-media thickness and carotid plaques in male but not female patients with type 2 diabetes. Clinica Chimica Acta 511, 215-220. Online publication date: 1.12.-2020. Crossref Erwin Garcia, Dennis W. Bennett, Margery A. Connelly, Elias J. Jeyarajah, Franklin C. Warf, Irina Shalurova, Steven P. Matyus, Justyna Wolak-Dinsmore, David N. Oskardmay, Randolph M. Young, Maureen Sampson, Alan T. Remaley and James D. Otvos. (2020) Extended lipid plate test: clinically deployed high permeation nuclear magnetic resonance imaging method for simultaneous measurement of lipids and Apolipoprotein B. Lipids in health and disease 19:1. Online publication date: 1.12.-2020. Crossref Stephanie Niman, Khyatiben Rana, Jessica Reid, Mae Sheikh-Ali, Todd Lewis, Rushab R. Choksi and Rebecca F. Goldfaden. (2020) Review of the efficacy and tolerability of bempedoic acid in the treatment of hypercholesterolemia. American Journal of Cardiovascular Medicines 8:6 p.m., 535-548. Publish date online: 13-Mar-2020. Crossref Gihong Park, Kyungchul Song, Youngha Choi, Jun Suk Oh, Han Saem Choi, Junghwan Suh, Ahreum Kwon, Ho-Seong Kim and Hyun Wook Chae. (2020) Sex hormone-binding globulin is associated with obesity and dyslipidemia in prepubertal children. Children 7:12, 272. Publish date online: 4.12.2020. Crossref Connie B Newman, Michael J Blaha, Jeffrey B Boord, Bertrand Cariou, Alan Chait, Henry G Fein, Henry N Ginsberg, Ira J Goldberg, M Hassan Murad, Savitha
