The mower was known as a Tiger Cub in Years. While the name changed slightly, the standard of excellence remains the same. Same. and durability is first noticed on the Tiger Cat frame. The frame is made of powerful tubular steel and provides a strong base for the mower that ensures a service life. The Velocity Plus cutting deck has a Tri-plate design that makes the deck top almost 1/2 thick. Tiger Cat has a powerful Ogura GT3.5 electric PTO clutch with 250 ft. Lbs. and a powerful drive system with dual 10cc pumps and high torque cast iron wheel engines. Kawasaki, Kohler or Briggs powertrains are available for the zero-turn Tiger Cat. These powerful engines paired to the Velocity Plus deck make a serious zero-turn lawnmower for turf enthusiasts to consider. The Velocity Plus deck comes in sizes from 48 to 61 to best suit the needs of homeowners and landscape architects. Triple Marbain cutter blades are powered by a powerful spindle made of a high strength, hardened steel alloy. The unique deck design and adjustable Custom Cut Baffle give Tiger Cat premium cutting performance. Adding a top ground speed of 10 mph ahead, and 7.5 mph reverse, Tiger Cat easily rises to the top as a proven athlete. Keep Tiger Cat repaired and maintained with OEM spare parts from ScagOemParts.com. Find and order parts quickly and easily with the online search tool option. Option.
