Last day on earth cheats android 2020

Last Day on Earth: Survival is an adventure game that tells the story of the survival of the hero after the zombie apocalypse. An unknown virus has destroyed almost the entire population of the Earth, turning it into a crowd of walking dead. Only a few of them who are immune to the virus have survived and continue to exist. One of these lucky ones was the main character, for whom he will play. In the game you need to do typical actions for games of this genre. The character needs to build and upgrade the shelter, which will help in the fight against zombie raids. The rest of the survivors should also beware, as not all of them are friendly to other people. In the open game world you can find all the items and materials that will be needed in construction. We also have to look for food, hunting and gathering. The game has good graphics and convenient control with a view from above. The atmospheric soundtrack is kept in suspense. There is also a multiplayer in which you can meet other players and either team up with them or fight. Last Day on Earth: Survival is an excellent survival simulator that is sure to appeal to fans of post-apocalypse themes. Kefir!
