Nixon tide pro watch manual

Welcome. You just bought a NIXON watch. How about that. Welcome to the NIXON side, a side that is all about custom built product, quality, and durability. We're stoked you chose one of our watches. The fact that you bought a NIXON means you can probably tell time, but you may not be familiar with all the doo dads and features of our watches. So if you're stuck, read through these instructions. Or get your friends to read it and then they can tell you what's up. DUAL TIDE THE OPERATIONS MANUAL www.nixonnow.com 1 2 START/STOP/LIGHT [+], SIS M W/R (2A) (2B) OFF/GOLF/REPAIR/SET [-] 3 +- QUICK TIDE (3A) (3B) 7 IMPORTANT Please refer to the clock case back for your watch's water resistance rating, or our website: www.nixonnow.com IMPORTANT Por favor, reference al dorso de la caja del reloj para verificar su nivel de estanqueidad, oh and nuestro sitio internet: www.nixonnow.com WICHTIG Bitte beacht ie washerfestigkeitsniveau, tie auf der uecken deiner uhr steht, oder check unsere website: www.nixonnow.com (7E) IMPORTANT Repotez-vous au dos du boitier de la montre throw vérifier boy niveau d'étanchéité, old sur Notre site internet: www.nixonnow.com (7F) 1 MODES 2 FAST TIDAL MODES: PRESS DOWN/SET Button to promote PRESS QUICK TIDE Button other mode to switch to tidal mode (2A). PRESS QUICK TIDE button again to go back to last mode back (2B). TIME TIDE FUTURE TIDE 3 TIME OFF TIMER CHRONO AND GULF COUNTER ALARM QUICK TIDE PRESS LIGHT Button to active the light (3A). PRESS GOLF/REPAIR hourly Chime On or Welcome to turn the wonderful world of Nixon Digital Off (3B). Tide! The watch you hold in your hand gives your PRESS and HOLD WAVE/RESET Button to turn access to the Tide data for 200 Beaches. The beaches Keystone On or OFF DOUBLE TIME and DOUBLE TIDE is broken down into 13 different zones we have PRESS START/STOP Button to show TIME 2 and hand picked up for you around the world. BEACH 2. PRESS and HOLD START/STOP Button to change to TIME 2 and BEACH 2. That's right, you can set another beach that matches Time 2! NEVER PRESS A LIGHT BUTTON OR SET THE CLOCK WHEN SUBMERGED. WATER INGREDIENT RATINGS 7 FUTURE TIDE CONTINUED AND WATCH CARE PRESS GOLF/RESET Button to move back to the previous day (7E). Just like in Tide mode, the Numerical Tide Times will be on display for the day and will alternate on the LOWER CASE SECTION of the show. RATING 30 METERS Leaving FUTURE TIDE mode will cause the clock to return the Beach data to the Local Beach 50 METERS active in TimeMode (either Time 1 or Time 2 Beach). 100-200 So re-access to FUTURE TIDE will show the METER Local Beach in the present time. However, if you're only on the Quick Tide button in future tide down to some our watches are directed check out your current tidal information, then the tide to pure style and and NEITHER information will be retained from the last beach and designed for surf or swimming. THIS IS NO INDICATED BY THE NO WATER ICON. Date set in FUTURE TIDE (7F). *RINSE WATCH WITH SOAP AND WATER AFTER EXPOSURE TO SALT WATER OR SAND. Replace the battery at least every two years. Dead or low batteries left in a clock can leak and destroy the movement of your watch. If you have a water-resistant clock, know that the water resistance is achieved using rubber or plastic seals that will deteriorate under normal conditions and reduce the water resistance of your watch. This seal must be checked by an authorized jeweler at least every two years to ensure the rated water resistance. Don't expose your watch to extreme temperatures (over 60oC or 140oF, below -10oC or 14oF). No hot tub or saunas. Sorry, but do you really need to know the time when you're tubbing? Avoid extreme shocks. 1 MODES 2 QUICK TIDAL CONSULTATION MODES: PRESS THE MODE/CUSTOMIZE BUTTON to open the QUICK TIDE button (see fast in different tide modes) at any time, from any mode, to go to TIME TIME 2A MODE (J). MAREAS RE PULSAR the QUICK TIDE button for FUTURE MAREAS COUNTS BACK 2B returns to previous mode (J). TIME AND WAVE COUNTER 3 ALARM TIME OFF FAST MAREAS CONSULTATION Welcome to the beautiful world of PULSAR Look at the LIGHT button at the LIGHT button (Nixon Digital Tides). The clock you now have in PULSAR the GULF/RESET button to activate/hands gives the Tidal schedules for 200 beaches. The beaches are spread across 13 different areas we have 3B, disabling the sound time signal (J), opted for you around the world. KEEP THE WAVE/RESET BUTTON PRESSED TO THE SOUND OF THE DOUBLE TIME and DOUBLE TIDE DOUBLE TIME AND DOUBLE TIDAL PROGRAM KEYS UP/DOWN TO PRESS THE START/STOP BUTTON TO TIME n2 and BEACH n2 NEVER PRESS A BUTTON PRESSED THE START/STOP BUTTON for a few seconds to display the TIME n2 and BEACH n2 gently. That is, you can program another beach, when IMMERSED matches the TIME n2 WATER RESISTANCE RATINGS 7 MAREA FUTURA AND CHECK CARE IN FUTURE TIDE mode you can only see the tide times a day.
