In ESO it is possible to enchant your armor, weapons and jewelry with glyphs, which will make you much stronger. There are three types of runes: Essence, Potency and Aspect. To make a glyph, you need one of each. In order to manufacture them, you must first level up the spell skill line, I have a full guide on enchanting in ESO. It also determines the level. Additive: Intensity Effect (+)Subtraktiv: Negate Effect (-)Essence RuneThe Essence Rune tells the glyph what type, such as 'fire damage'.
