There is currently no support for wireless phones, only online support. If you have purchased a Uniden cordless phone from such online stores, please contact your customer service support@factoryoutletstore.com. User guides & Download the uniden wireless phone user guide. FAQs & Manual & Q: I need to replace the battery. Where can I buy them? A: To purchase the battery directly from our online store Q: Where can I buy a replacement phone? A: Uniden does not produce wireless phones, however some spare models can be purchased online. We recommend the following stores only: www.amazon.com Q: How to remove quiet mode? A: To turn off silent mode and to make your handset ring, press and hold the #key on the handset for about 10 seconds. Your handset will beep, which indicates that Silent Mode is off. How can I stop it? A: Flashing/ducking indicates that you may have voice mail messages. Voice mail is provided by your phone company and they could help you in retrieving these messages. When you listen to the new message, the flashing light will stop. Q: I accidentally deleted the message, can I retrieve it? A: Unfortunately, when a message is deleted, it cannot be retrieved. Q: I can't hear the caller, but they can hear me. A: We recommend the following handset reset procedure. Unplug the Star and Pound battery keys by holding down both keys Wait until beeps. Q: When I press the Talk key, there's no dial tone. Pressing the speaker key on the main base is dial tone. A: We recommend the following handset reset procedure. Disconnect battery press and hold the star and pound key Restore battery by holding down both keys Wait long beep De-register and Re-register the handset if it does not solve the problem Clear the handset Q: I can hear the messages, but they are not recorded in A: If you have the letter A on your base, it indicates that your Notify only function is turned on. Notify only will allow the caller to leave the message, but it will not record it. To turn the function OFF: Press Menu / Sel Arrow down to Ans Setup Press Menu / Sel Arrow down to Record Time Press Menu / Sel Arrow on OFF Press Menu / Sel . Date and time management & Date and time on base or handset (based on model) 1) Press Menu & select Global Setup, then select Date and Time.2) Enter the date and time using the number key (MM/DD / YY); select AM or PM. Use CID to move the cursor over the digit without changing it.3) Press Select to confirm. You will hear the confirmation signal. If you make an error just start from step 1.
