I can't tell you how to get the chords, but the chords mentioned above should all be correct! Little explanation for these difficult chords: you always hear a B and a D throughout the song, except for the Pre-Chorus. There's only one B to hear. So: C-chord + B + D = Cmaj7add9Just as: Am-chord + B + D = Am13 Great song! At least it's worth learning ;) Tristan Hoogland drummer180@hotmail.com Incubus - Drive Im so tired of all the drive tabs that went out there all wrong!
