Do one of the following: Using a bow or bow and repeating the bow with a single round shot finger discharge of one of the following BSA, USA Archery or NFAA rounds: around nfaa field 4 goals and score 60 BSA scout points around the field of 14 goals and score 80 points around my indoor. Score 180 world/U.S. archery points, archery around indoors and make 80 NFAA points around indoors and make 50 points (indoor rounds may be outdoor shooting if it is more convenient.) or shoot 30 arrows in five end arrows at 80 centimeters (32 inches). Five goals at 15 yards and 10 regional scoring scoring scores of 150 or as a member of the U.S. Archery Junior Olympic Archery Development Program (JOAD) get your indoor or outdoor green, purple, and grey leg prizes using a recurve bow or longbow. Option B - Use the mixed bow name and point to the part of the mixed bow you are shooting. Explain how to properly care and keep the compound bow. Show 10 great stages of photography for the mixed bow you're shooting. Explain why it is necessary to have a string or cable on the compound bow instead of the archery shop. Find and mark with floss, pleated teeth on or other means. Do one of the following: using a mixed bow and arrow with a finger release, a single round shot of the following BSA, U.S. Archery or NFAA rounds: Round NFAA field 4 goals and score 70 BSA points around the field, scouting of 14 goals and making a score of 90 junior points, 900 rounds and making 200 world archery points/archery usa rounds I and making 90 NFAA points around indoors and making 60 points (this indoor round, if more convenient.) or shooting at 80 centimeters (32 inches) Complete this in the following ways: shoot 15 arrows in five arrows at the end at a distance of 15 yards or be a member of the U.S. Archery Junior Archery Development Program (JOAD) to get your indoor or outdoor green, purple, and reward achievement pins using a gray mixed bow. Archery Worksheet Reviews: 29 Jan 2013 - Bob SnyderThis Thanks June 12, 2015 - Tim Donnelly, it would be nice to have a date of the last print with a date of demand. I like the page I use as a prerequisite for boys to prepare for summer camp. That's a good return n investment if you consider the Boy Scout camp is about \$50 per day. Contest - Ask Questions - Add this content site is not related to the official Scouts. Follow me Scout from Wikibooks Open World Open&lt;Scout | They are repeated in this section under fair use as a resource for scouts and scouts to use in the income and teaching of merit labels. The requirements published by the Boy Scouts of America should be used over the list here. If you have any questions about the validity of the terms, consult Mrs. Boon Badge Advisory. Reading this page does not meet any requirements for any merit label in accordance with national regulations, the only person who may sign the requirement as a merit label consultant, registered and licensed by the local council. To obtain a list of registered merit sign advisors or to start a merit sign, please contact your Scoutmaster service center or council service center. Do the following: A. State and describe The Safety Rule of Range 1.Three Safety Rules when on the shooting line of 2.Three safety rules when triggering arrows of 3. B. State and explain general safety rules for archery Shows you how to safely carry an arrow in your hand. C. Tell about your local and state laws for owning and using archery. Specification 2[Edit] do the following. Name A and point out the arrow part. B.Describe three or more different types of arrows. Carbon arrows are lighter but less rigid. Aluminum arrows are slightly heavier than carbon arrows, but they are hard and easily destroyed. Traditional wooden arrows, however, they break too easily to use in higher energy recurve bows or compound bows. C. The four main material names for making arrow shafts of all four materials are carbon fiber wood, fiberglass and aluminum D do the following: 1. Make a complete arrow from the bare shaft using the right equipment for you or 2 to demonstrate the arrow repair, check the shaft and prepare and replace at least three propellers, one point and one gearbox. You can use as many arrows as necessary to achieve this. Repairs can be done on fiberglass wood or aluminum arrows. Requirement 3[Edit] Do the following: A. b. Describe the following conditions: cast, draw weight, height string (fistmele), c. Make bowstring use the appropriate material. The following is described: A. The importance of obedience to a range officer or another person in the function of the B range, the difference between the end and the cycle. The end point is the number of arrows. Round is the number of arrows you will shoot, all C the difference between field goal and archery 3D how five colors international federation de Tir target l'Arc (FITA) score the sun out. Specification 5[Edit] Do one of the following options: Option A - Use a bow or a long bow to recurve[edit] A. A. and point to the part of the recurve bow or longbow you are shooting. b. Explain how to properly care and keep the bow and bow repeat of the ten stages of the great photography of the bow you are taking A.D.' demonstrates the right way to string the bow or bow bow of E.using a square bow, searching and marking with floss, crimp-on, or other means, nocking points on the bowstring of your bow using f.f. Around the NFAA field of 14 goals and scored 60 B points around the field, BSA scouted 14 goals and scored 80 C junior points, 900 rounds and scored 180 points, D Archer FITA / USA Indoor Round I and scored 80 points off the NFAA indoor round and scored 50 points (the round could be indoors if it was more comfortable outdoors.) or 2 30 shots in five rounds at the end of the NFAA (80 cm) (20 cm) Five goals at 10 yards and 10 regional scoring scoring scores of 150 or 3 as members of the NAA's Junior Olympic Archery Development Program (JOAD) achieve the level of green, purple and gray stars as part of the JOAD Club indoor or outdoor season with the style of your choice of archery equipment or 4 as members of the NFAA Junior Division, get a Cub patch or Youth 100 progressive score. b. Explain how to properly care and store the compound bow of c.show ten stages of great photography for the mixed bow you are shooting. D. Explain why it is necessary to have a string or cable in the compound bow replaced at the archery shop. E. Find and mark with floss, pleat-on, or other means, splashing points on the bowing of the bow you're using of F do one of the following: 1. Around the NFAA field of 4 goals and scoring 70 B points around the field, BSA scouted 14 goals and scored 90 junior C points 900 rounds and scored 200 D Points, Pitching FITA/USA Round I and thus scored 90 points. 60 points (indoor rounds may be shot outdoors if it is more comfortable.) or 2 shot at 80 centimeters (32 inches) Five goals at 15 yards and 10 scoring regions, scoring a minimum of 160, do this in the following way: firing 15 arrows in five late arrows at 10 yards and firing 15 arrows in five late arrows at 15 yards or 3 as a member of the development program. Naa's Junior Olympic Archery (JOAD) achieves the level of green, purple and gray stars as part of the JOAD Club indoor or outdoor season with the style of your choice of archery equipment or 4 as a member of the NFAA Junior Division, get a Cub patch or Youth 100 progressive score.
