## Lesson 7-5 practice a coordinate geometry answers

TERMS AND CONDITIONS WHY. We are a small independent editor founded by a math teacher and his wife. We believe in the value we bring to teachers and schools, and we want to continue to do so. We keep our prices low so that all teachers and schools can benefit from our products and services. We ask you to assist us in our mission in fulfilling these Terms and Conditions. PLEASE, WITHOUT SHARING. We know it's good to share, but please don't share your membership content or your login or validation information. Your membership is a unique user license, which means it gives a person - you - the right to access membership content (Response Keys, editable lesson files, pdfs, etc.) but is not meant to be shared. Do not copy or share response keys or other membership content. Please do not publish the response keys or other membership content on a website for others to see. This includes school websites and teacher pages on school websites. You can make copies of the answer keys to deliver to your class, but please collect them when the students finish them. If you are a school, please buy a license for each teacher/user. PLEASE RESPECT OUR COPYRIGHT AND TRADE SECRETS. We own copyright on all materials we create, and license certain copyrights on the software we use to run our site, manage credentials, and create our materials; some of this copyrighted software may be embedded in the materials you download. When you subscribe, we give you permission (a single user license) to use our copyrights and trade secrets and those we license from others, in accordance with our Terms and Conditions. So in addition to agreeing not to copy or share, we ask: Please do not reverse-engineer the software; and please do not change or delete any authorship, version, property, or other metadata. Please don't try to hack our validation system, or ask anyone else to try to get around it. Please do not put the software, login information or any of our materials on a network where people other than those you can access it Please do not copy or modify the content of the software or membership in any way unless you have purchased editable files; If you create a modified mapping using a purchased editable file, purchase the following on all key assignment and response pages: This task is a version modified by [eMath title] Professor Copyright © 201x eMath Instruction, LLC, used by FEEDBACK REQUEST permission. Requested. We value your comments about the products and services. We believe others will value it, too. That's why we can do the following (and we ask you to accept): Use your feedback to improve our products and services and even launch new products and services, understanding that you won't be paid for or have any portion of new or improved products and services (unless we otherwise agree in writing ahead of time). Share Share comments, including testimonials, on our website or other advertising and promotional materials, with the understanding that you will not be paid or own any portion of advertising or promotional materials (unless otherwise we agree in writing ahead of time). GUARANTEED SATISFACTION. If you are not 100% satisfied, we will refund the purchase price you paid within 30 days. For a refund: Within 30 days of purchasing, remove the software and all membership content from all computers, destroy all photocopies or printouts of our materials, and return all tangible copies (disks, books, etc.) and other materials you have received from us at: eMath Instruction Returns Department 10 Fruit Bud Lane Red Hook, NY 12571 TECHNICAL SUPPORT: If you have trouble logging in or accessing your materials, or if your downloaded materials are not opened or unreadable, please notify us immediately by email to info@emathinstruction.com so we can fix it. THERE IS NO GUARANTEE. We believe in the quality and value of our products and services, and we work hard to make sure they work well and are error-free. But having said that, we are providing our products and services to you as is, which means that we are not responsible if something bad happens to you or your computer system as a result of the use of our products and services. For our complete waiver of guarantees, please see our legal version of these Terms and Conditions here. Conflicts. If we have a dispute that we cannot resolve on our own, we will use binding arbitration instead of filing a lawsuit in a regular court (except that a small claims court can be used). Binding arbitration means that our case will be decided by one or more arbitrators who are elected and paid by all parties to the dispute. Arbitration is a faster and less formal way to resolve disputes and therefore tends to cost less. To initiate arbitration proceedings, please send a letter requesting arbitration and describing your claim to: eMath Instruction, Inc. 10 Fruit Bud Lane Red Hook, NY 12571 LIMITATION OF LIABILITY. If you win a case against us, the maximum you can get back from us is the amount you have paid us. To view the legal version of our Terms and Conditions, please click HERE. We have given you the above highlights, in plain English, but it is also a good idea to look at Legalese, because by checking the box below and proceeding to your purchase you accept both English and Legality. TERMS AND CONDITIONS WHY. We are a small independent editor founded by a math teacher and his wife. We believe in the value that teachers and schools, and we want to continue doing so. We keep our prices low so that all teachers and schools can benefit from our products and services. We ask you to assist us in our mission in fulfilling these Terms and Conditions.
