A sci-fi adventure sequel starring Vera Farmigoa, Kyle Chandler and Millie Bobby Brown. Five years after Godzilla wreaked havoc in San Francisco, a host of new titans have woken up to challenge his dominance. While debate rages over whether ancient monsters should be killed, the cyptozoological agency Monarch is confronted by a group of eco-terrorists who seek to control monsters and lead to the end of civilization. As Godzilla battles with Motra, Rodan and King Gidor, Monarch scientists Dr. Emma and Mark Russell (Farmiga and Chandler) and their daughter Madison (Brown) are embroiled in conflict and racing to avert a global catastrophe. The cast also includes Ken Watanabe, Sally Hawkins, Charles Dance and O'Shea Jackson Jr. Best Reviews Recent Reviews New Story follows the heroic efforts of crypto-zoological agency Monarch as its members face a battery of god-sized monsters, including the mighty Godzilla, who encounters Motra, Rodan, and his ultimate nemesis, the three-headed King. When these ancient super-species, which are considered simple myths, rise again, they all fight for supremacy, leaving the very existence of mankind to hang in the balance. Members of the Monarch believed that some of these mega-monsters, including Motra, Rodan and the three-headed King Gidor, were mere myths. But as they all appear and fight each other head to head to become an absolute champion, the fate of human existence is in jeopardy. The monarch has a short time in which to save the human population - or death in extinction forever. We can get a commission for purchases made on these links. Promotional cover of Edit Godzilla II: King of the Monsters (2019) Budget: Please wait... Fighting the upside-down side Obviously, it wasn't enough to keep Millie Bobby Brown busy because she's currently in the mix with the film world's most monstrous behemoth with the upcoming Godzilla Monsters DVD, Blu-ray and digital release date (details below) just around the corner. It's already available for pre-order from iTunes, Xbox ONE, PS4 and Amazon Video, so here's the latest on the movie including rental, age rating, running time and digital file size. The story is a direct continuation of the 2014 reboot of the Godzilla franchise, where King emerged victorious against two MUTOs who were free to the world when a uranium mine collapsed in the Philippines. The sequel sees the release of a new set of massive creatures known as the Titans leaving a large G-dog to face the mighty relics of Motra, Rodan and his three-headed nemesis King Gidor. Based on the original stories of the Japanese film studio Toho, the first of which was written by Ishiro Honda, Takeo Murata and Shigeru Koyama, the latest film in the series is a CGI monster battle explosion of epic proportions. Reviews have been mixed with criticism of weighing the volume of all monster action over human characters and dialogue, but we think the people who buy this when DVD, Blu-ray and digital release rolls around may well be looking for a lot of stunning destruction of Kaiju. Some of the previous cast members returned from the previous film with Ken Watanabe (Inception) and Sally Hawkins (Paddington) back as monarch scholars Dr Ishiro Seriza and Dr Vivienne Graham, along with David Strathairn as Admiral William Stanz. They were joined by Kyle Chandler as Dr. Mark Russell, a former Monarch employee and Maddison's father (Millie Bobby Brown's character) and Charles Dance as the film's main bad man. THE DVD, Blu-ray, iTunes, Xbox ONE, PS4, Amazon and the release date of the UK's digital rent Godzilla Monsters DVD and Blu-ray release date was confirmed on October 7, 2019 in the UK after its big screen debut back in May.
