Genre: Action Version: 1.22.1 Developer: NEKKI Requirements: Android 4.1+ Update Date: 12.11.2020 Release Date: 03.01.2019 Rated for: 12+ years Many fans of the series will certainly experience, when the game will be released and when the game will be hacked, and also the introduction of three-dimensional graphics will lead to the disappearance of the shadow, which is the main highlight of the hit. But the developers argue that the shadow state will not disappear anywhere. It will simply become one of several features of warriors that can be activated as the character's rage scale is filled. In addition, a large number of new skills will appear, which greatly diversify the gameplay. The story will also undergo significant changes: it will become deeper and more extensive, as well as be filled with unexpected plot twists and numerous events. Before the start of the game, a well-drawn 3D movie will be inserted and the game world will be much more detailed. In addition, the game will have several martial arts schools, one of which the player can choose. This selection will affect the set of skills and characteristics of character, as well as determine the functions of battle. In terms of gameplay, the developers promise to work better online mode and cooperative mode compared to previous versions. This will allow, in addition to online matches with players all over the world, to play with friends. All these innovations give Shadow Fight 3 on par with the legendary Mortal Combat, and the other part of the game developers have high hopes for it. This is all information about the expected news at the moment. Let's hope she will really come out this year and will please the fans.
