Page 2 The 8th MotherBaby Summit michigan was held on Friday, November 8, 2019 at the Atheneum Suite Hotel, 1000 Brush Avenue, Detroit, Michigan. Lauren Hanley, MD, FACOG, FABM, IBCLC gave the keynote speech on: Marijuana during pregnancy and lactation: High time for a checkup. Lauren Hanley is Assistant Professor of Obstetrics, Gynecology and Reproductive Biology at Harvard Medical School. In 2000 she completed her residency in Obstetrics and Gynecology at Brown University/ Women and Infants' Hospital. She then joined the faculty at Massachusetts General Hospital (MGH), where she practices Obstetrics, Gynecology and Breastfeeding Medicine, and is also the medical director of Lactation. The event is over, but more information can be found by clicking on the box below. More Info 2019 Missouri MotherBaby Summit: Taking Steps The 2019 Missouri MotherBaby Summit was held on Thursday, September 12, 2019 at the Courtyard Marriott, 3301 LeMone Industrial Boulevard, Columbia, Missouri. Staff from 35 of the state's 63 maternity facilities attended. Missouri-appointed Baby-Friendly and Show Me 5 hospitals were recognized. Laisha Wachman, a neonatologist at Boston Medical Center (BMC), gave the keynote speech entitled Rethinking How to Help Opioid Exposed Infants and their Families. We were delighted to have this nationally recognized expert with us for the day. Dr. Wachman is the leader behind dramatic changes in neonatal withdrawal syndrome care at Boston Medical Center, including disruption of the Finnegan scale and the initiation of the Eat tool, Sleep Console (ESC). The BMC Mother Baby Unit now uses non-pharmacological care (non-farm care) as a frontline treatment, safety hugs to improve communication, and works hard to encourage breastfeeding. Dr. Wachman shared criteria used to determine whether breastfeeding is a safe feeding option and how a Cuddler program was started. Discussed PDSA cycles including: Rooming In (baby stays with mother on the Mother Baby Unit) Changing medication treatment from morphine to methadone Not using methadone in the first 24 hours Use of metahadone prn Changes in cardiac monitoring More Info Downloadable of the 10 8 or more in 24 button One drop powerpoint: a downloadable teaching visual comparing human milk to formula Formula Feeding Basics: a full color downloadable pamphlet with important information for parents who choose to feed the formula (pamphlet courtesy of Massachusetts WIC) Will your installation participate?
