I did it alone in 45 minutes. As you can see the frame by the headboard is super bent and the middle beam is curving down in the center good luck going through the customer support el oh eh, Revised in the United States on December 12, 2018. Novogratz 4176249N Bushwick Metal Bed, King, Gold, Industrial Modern Design. to pull it away from the wall to do so. 4.2 of 5. Novogratz Francis Farmhouse, Twin Frame, Dusty Green Metal beds 4.2 5 star 115. I broke my toe on the metal bed frame because it got stuck between my mattress and the frame. Color: GoldSize: KingStyle: Metal Bed Change. Complete with metal slats, side rails and center legs, this bed provides full support and comfort to the body and mattress. The Novogratz bushwick metallic bed has a simple design that will perfectly complement your room. Twenty-nine dollars. My sister and I set up the bed easily in an hour (instructions say it can take two hours). Metal Bed Novogratz Bushwick, Full, Gold, 4,246 | 1,268 global audience reviews, reviewed in the United States on September 11, 2018, when I first bought this bed I wasn't super hyped about visible and poorly done welding (in my opinion), but I put that aside because overall it was pretty much. Recommend!!! Revised in the United States on October 25, 2018. Great for the price. 2 base height options for convenience: 6 or 11 off, Available in full, Queen and King in multiple colors, Queen bed dimensions: 82.5L x 62W x 42.5H, queen box dimensions: 65.5L x 37.5W x 3H, does not require an additional box or foundation spring. After viewing product details pages, look here to find an easy way to navigate back to pages you're interested in. This bed is absolutely beautiful! I'm older, so that mattered to me. \$203.99. I like to put things together, but putting this bed together was a breeze as long as you notice in step 6-7 read carefully as there are different instructions for different heights. I was going for the clean and simple minimalist look, but hey. Try again. How does Amazon calculate star ratings? Headboard and board have decorative round finite poles, robust metal structure Construction with metal side rails for guaranteed stability and durability, central metal rail and legs for additional support. I was looking for a Queen platform bed and stumbled on it and immediately fell in love. My bed was scratched at 4 different points in the box. There are 0 reviews and 0 UK ratings. You don't need a spring with this bed, but we decided to use ours instead of selling it. Of Metal Novogratz Bushwick, Gold, Queen. Top signature boxes - straight to your door. Usually ships inside... My screws fell at the base of the frame. Novogratz Novogratz Metal bed, Navy Blue, Queen. Novogratz Bushwick Metal Bed, King, Gold > Customer Reviews Customer reviews. You can read actual customer reviews for this or any other product and even ask questions and get answers from us or directly from the brand. \$2,349.90. Return Shipping: You will be responsible for paying your own shipping costs to return your item. Shipping costs are non-refundable. Non-reemable items include: Lighting Bed Furniture Wall Art Love the look of this bed. It looks pretty tough so far. Easy assembly. It came well labeled and packed for construction. Also included tools in the package. It also allows more than one height and had different legs to suit the height of the deck accordingly. Useful? I've had this bed for about a month. It was easy to assemble; but it would help with 2 people. We also used our force drill to screw into screws, which made it much faster and less stressful. He does not squeal; though I put mine on top of a rug. It has 2 different orifice options if you want to use a box spring. I just put my mattress on top and it's a good height and it doesn't slide... I recommend that if you are looking for an affordable and elegant bed... Useful? Beautiful bed, has the look of the farm! Easy assembly, took 2 adults 45 minutes to assemble. It has 2 different height options in the mounting directions. Bought for a guest room, 2 adults (300 pounds in total) and 80 pounds of dog used for 2 weeks without problems. Useful?bought this for my 6 year old son and exceeded expectations. I'm shocked at the quality of this bed frame. It looks so good! I'm a six-year-old small woman and it was easy for me to ride. Of course it would have taken less time if my husband or children had helped, but I'm a DIY person so I put together in about 2 hours while they were away for jiu-jitsu classes. Useful? Shipping was as expected and no obvious damage to packing. All parts have been placed firmly inside the box. the directions were just images, but I would have preferred a few words as I'm smart so. It was very easy. I did the advice of another review about not tightening everything until the end. That was very helpful. It looks strong and tough and my daughter loves it. Useful? Very easy to assemble the bed. I like how it has the option to sit lower or higher to the floor. Perfect for the look we were going to. High quality! And not too estridge... box that was delivered in massive era and falling apart though. Poor fedex. Helpful? I'm suspected of talking about metal frames because I really like them. It seems to me that they last longer and age better than wooden beds. This is such a great design that it could literally fit into many decorating options. I like the fact that you can in a bottom setting with a spring box and a higher fit where no spring box is needed! Useful? The bed frame is easy to set up, pretty decent decent price and high looking end. Only one thing didn't get five stars because of the color. It's cream! It's not white, which I want it to be. Useful? It's a beautiful and sturdy bed, but I'm not happy with the finish and quality. I've seen few dents and welding areas that aren't covered in paint. I want to return it, but it's too heavy to bring it to the store. It's not fair for the price. I believe Walmart should provide some discount if not free door pick-up for these inconveniences. Useful? This bed is beautiful, but not sturdy and not worth the price. The first night we put on it the brackets were folded. We thought we got it all wrong, so we rechecked everything. We did everything right the first time. In just two weeks, but the 4 outer legs are bent and broken. Useful? Broken. Useful?
