Most of what is seen is Shades of Grey: The Road to High Saffron but you may be able to see shades of red, yellow, or blue. Best of all, this story has an element of what I think of as divine ridiculousness: a delight I listened to this as an audiobook just recently, and I was absolutely blown away by it. More information about this seller Contact this seller. And of course a Grey is entirely unsuitable, although not prohibited. Description The New York Times bestseller and "a rich brew of dystopic fantasy and deadpan goofiness" The Washington Post from the author of the Thursday Next series and Early Riser Welcome to Chromatacia, where the societal hierarchy is strictly regulated by one's limited color perception. Yep, this was that kind of a book for me. These allow, for example, Yellows to experience the impression of green — although only approximately. Well, I don't want to properly review this book for you because I am annoyed as this promised to be a 5 star book for me at the start. Jasper Fforde's website. Specifically he learns that misfits, supposedly sent to Emerald City to be brainwashed, are taken to the deserted town of High Saffron where they are killed by looking at a building whose colour is poisonous. Enlarge cover. For that reason, my recommendation is to skip this book simply because the ending is so frustrating. Jane and Eddie won't be born for another seven hundred years, but there's still a lot of fun to be had. But one thing I felt by the end of this book was that it could have been so much better if this was published as a full length page novel instead of a trilogy. The social hierarchy of Chromatacia is defined by the ability to see colour, which is limited in most people to varying degrees of one hue, or at most two. You are commenting using your Google account. Hundreds of years after the 'Something That Happened', humans have become severely colorblind and now live in a society where your social standing is determined solely based on Shades of Grey: The Road to High Saffron ability to see color. If you're not reading this, you're missing out on something brilliant. Eddie Russett is the main character in this venture, a character embedded in the unbelievably complex world of Chromatacia--a version of our world that is something like a cross between Ayn Rand's Anthem and the opening sequences of the Wizard of Oz. Readers also enjoyed. He gave us an odd look, handed back our merit books and wished us a joyously uneventful future before swiftly moving to attend someone else. With this novel, Fforde begins a new series based in a future world that arose from the ashes of ours and in which every person's status in society is based on the portion of color spectrum that they can see. I was lost as soon as I Shades of Grey: The Road to High Saffron, nothing was explained, and it was all so nonsensical — the worldbuilding was executed in such a piss poor way. After all, punishments I'm not fully sure of how to classify this book. In order from highest to lowest caste, the castes are purple, blue, green, Shades of Grey: The Road to High Saffron, orange, red, and grey. Regardless, he remains fascinated with Jane, and becomes involved with activities in the town. Email required Address never made public. As one Shades of Grey: The Road to High Saffron expect from Fforde, Shades of Grey: The Road to High Saffron books is extremely humorous and off-the-wall. Their world is heavily stratified by colour This is my second attempt to read this book. Getting to the point of takeoff is a little bumpier this time around. Retrieved 15 Jun The writing is brilliant! Shelves: reviewedznovelfictionreadbooks-male-author-or-illustrator-speculative-fictiongoodreads-authorzz-5staruk. But the sly linguistic entertainer of the "Thursday Next" and "Nursery Crime" series, in which fictional characters such as Hamlet and Jack Spratt interact, sometimes alarmingly, with "real" characters who are of course themselves fictional, takes a sharp turn in his new novel. The big new thing added since the existing answers to this question: "In a webchat, Fforde said a prequel to the series: 7 Things to Do Before You Die in Talgarth may come out in In fantasy, we have the ability to write about anything. Active Oldest Votes. The probably most up-to-date thing I can find from the author at the moment is a short note on his website about a prequel for next year. Like those watery spaces filled with possible fish, Fforde always conveys a sense of a fully realised world ticking away behind the main action and that's certainly true in the whimsical, frightening world of Eddie Russett, when he find himself confronted by a man who's wrong-spotted, somewhere in the middle of a plot that turns out to involve the government and society as a whole. Seller Rating. Sally was an evil cow, and Yewberry was a bastard but they were both fun to read about. They used Woad to make a blue then added . . . more The town of Lincoln in England produced cloth in medieval times and their green dye was famous for its colour. Protagonist Eddie Russett is a 'Red' sent to the outer-fringe town of East Carmine to conduct a chair census, which he speculates is punishment for a practical joke played on the son of a prefect. And what a fresh breath of weirdness it turned out to be. Thanks, Fforde. I admit that it was an interesting concept but none of it was remotely believable. The use of chromatics as a basis for society and government is so novel; I very much admire Mr. It was such a weird dystopian world. We can notify you when this item is back in stock. James's erotic novel 50 Shades of Grey Fforde's work, which was originally simply titled Shades of Grey never reached the mainstream popularity of James's very different novel and has since been renamed in part to distinguish it from the similarly titled erotic novel. While serving his punishment for a school prank by compiling a "chair census," Eddie visits fascinating new places, enjoys the wonders of the UnLibrary and the organized worship of Oz, and decides that conscientious resistance to entrenched authority probably won't bring about the ultimate ecological catastrophe--Mildew. Eventually, Jane and Eddie dare to travel beyond the Outer Markers to the city of High Saffron, where

they discover a terrible secret involving a poisonous color and a group of people who were supposed to be receiving rehabilitation Shades of Grey: The Road to High Saffron although technically a dystopian novel, is light and playfully satirical in tone. A prequel to 'Shades of Grey' that is essentially a standalone set in the Shades of Grey world, two weeks before the Something that Happened, referred to in Shades of Grey. Martin Ender Martin Ender 6 6 silver badges 18 18 bronze badges. Everybody sees in shades of grey with the exception of one color, either primary red, blue, yellow or complementary green, purple, orange. I am continually impressed by Fföde's imagination, writing and his supreme talent for incorporating both well known and obscure references to literature and pop culture. How about Leapbacks, what are those? Roger Maroon still sniffing about? Does Jasper Fföde intend a sequel to Shades of Grey: The Road to High Saffron of Grey? Re-reading potential: high! And although she was Grey and I was Red, we shared a common thirst for justice that transcended Chromatic politics. And wha This was really, really good, and really, really weird. Of course, Fföde cannot permit his characters or his readers to be happy, so he makes sure to end things on not one, but several big cliffhangers. Hardcover pages. Shades of Grey: The Road to High Saffron was actually sent to the Outer Fringe to conduct a chair census and learn some humility. If you do, you're probably a Douglas Adams fan which means you would probably like this also.
