Miles Morales: Ultimate Spider-Man Omnibus

Cloak and Dagger Characters: Miles is great, he's a 13 year old and he acts like one, how he's reaction to Aaron makes sense, how he's reacting to his parents makes sense. Like most of Bendis' stories, this reads wonderfully in trade, but I have no doubts that reading it in single issues would drive me crazy. Mar 11, Wing Kee rated it really liked it. Want It. Thankfully, it's balance Ultimate Comics Spider-Man: Scorpion vol. 2 liking the story, though the artwork in this volume is quite variable. Either that, or I am a very silly and selfish old man. Also, I don't like this storyline where Miles' uncle will reveal he's Spider-Man unless Miles does some bad shit. Still liking the Ultimate Comics Spider-Man: Scorpion vol. 2, though the artwork in this volume is quite variable. Best for. I liked that the complaint I had with the first arc of slight shifts in Peter characters surrounding Miles was addressed. The art chores were split up but Sara Pichelli drew my favorite chapters. In some ways its like a soap opera, in that there is never a break and the next storyline is always approaching rapidly. You must be logged in to write a review for this comic. The art is superb, though Samnee's style doesn't really gel well with Pichelli and Marquez, who seem Ultimate Comics Spider-Man: Scorpion vol. 2 be almost identical. Read It. Civil War II. Interestingly, it appears this storyline has become important right now at the end of so I was pleased to be able to go back and fill in one of the gaps in the story I had missed. Print Digital Both Media Format. Forgot your password? A comic book writer and erstwhile artist. My biggest issue with the art is that it has no personality, unlike books like Hawkeye, Spider-Gwen, Silk, Ms. The plot thickens with volume two of Miles Morales' origin story and it's just as good as the first. Learn more. If Spidey didn't have these kerfuffles the book would be all dialogue, but they were not only unnecessary to the Ultimate Comics Spider-Man: Scorpion vol. 2, but seemed too randomly fortuitous to happen as often as Ultimate Comics Spider-Man: Scorpion vol. 2 did - particularly in such a huge city as Ultimate Comics Spider-Man: Scorpion vol. 2 York. Its been so good! Two pretty crummy issues, by Chris Samnee, followed by 1 issue by original artist Sara Pachelli, and 2 by David Marquez. Enlarge cover. Brian Michael Bendis. My 2 kiddos loved the movie, and my son frequently exclaims with glee: "I'm Miles daddy, look I'm Miles! Davis remembers Miles getting bitten by the same spider with a number on its back, and now knowing that his nephew is Spider-Man and wanting to keep it like that, he shots and kills the Tinkerer. Cover Price. The Prowler, The Tinkerer and The Scorpion welcome Miles to the Spideverse as does the complication of his new life as he has to lie to everyone around him. Forgot your password? Escape the Present with These 24 Historical Romances. Guest-Starring Mary Jane Watson! While of course Miles shouldn't be defined by his race or ethnicity, it would have been nice to see it as a part of Miles' family life, as just a part of Miles - this is done to perfection later in G Willow Wilson's Ms Marvel with Kamala Khan and I feel like it had a stronger presence in the Spider-Verse film as well. There's so many ways that dialogue can sound stilted or "written", and I can't help but be amazed at Bendis' lifelong talent for the rhythms and surprises of people talking. World: The art is fine, I don't like the multiple artists especially on a new series but the ones here are ok. Though he started as a writer and artist of independent noir fiction series, he shot A comic book writer and erstwhile artist. Miles Morales is still getting used to being Spider-Man when Captain America makes him a very special offer. Brian Michael Bendis keeps everything going at a good pace, so much so that by the end of the Ultimate Comics Spider-Man: Scorpion vol. 2 run I had barely felt like any time had passed at all. Bendis is inconsistent as hell but when he's on he's one of the best. Thankfully, it's balanced by a very strong story from Bendis that continues to explore this very different character and his background and family. David Marquez takes over the last two issues and it's much closer to Pichelli which I appreciated - he creates several exciting pages between Miles and Aaron building to the big finish. May 31, Peter Derk rated it liked it. While I love Bendis's other work I'm having trouble getting into this series. Log in Sign up. The Scarlet Witch is out of control, and the fate of the entire world is in her hands. Part of the "Prowler" story arc Alternate Covers: Textless. While the Ringer and Omega Red were good tests for his abilities, his uncle Aaron, aka The Prowler, is a much worse threat. Another good volume! David Marquez. Lists with This Book. Okay, the artwork is strangely inconsistent for a major Marvel title the five issues collected here were illustrated by no less than three different artists but the writing is so crazy good that I couldn't care less. April When a new Inhuman emerges with the ability to profile the Ultimate Comics Spider-Man: Scorpion vol. 2, the Marvel Universe will be rocked to its core! But when Miles Morales Earth Miles is a fun protagonist, and watching him grow as a hero is great, though I do think he's far too young to be doing what he does. May 16, Kirsti rated it liked it Shelves: angerbewildermentarts-and-photographycomics-graphic-novelsfictionscience-fictionfantasy The supporting cast works wonderfully too, from best friend Ganke to mutant-hating father Jefferson. Ultimate Comics Spider-Man Vol. Miles Morales finally has his costume and web-shooters - and now he has his first A-list Spider-Man villain. Aaron is

clearly the polar opposite and someone who is morally grey if Ultimate Comics Spider-Man: Scorpion vol. 2 black and him in Miles life is going to be very interesting.
