Difficult Women by Helen Lewis review – clever and generous

Difficult Women sounds much better. View all 50 comments. I enjoyed nearly every story in this collection, but my favorites included: "North Country," about an African-American engineer who takes a job in Michigan's Upper Peninsula, and has to fend off the curiosity and advances of many of her colleagues, while coming to terms with her own secrets; "The Mark of Cain," which tells of a married woman whose husband has an identical twin brother, and she pretends not to notice when the brothers switch places; and "Break All the Way Down," a moving story about a woman numbed by extreme grief, who uses infidelity and rough sex to feel something again, and whose life is turned upside down by a late-night visitor. The title is a misnomer, a red herring and the stories are an insult to regular women's stories. But what I loved most of all is her clear respect for those Difficult Women went before us, particularly the second wave. Members save with free shipping everyday!
