The Stray Shopping Cart Project: Artificial Taxonomy for the Urban Environment

Stewart O'Nan and I share a fascination with empty lots, abandoned places, melancholy gravel pits. A must-have for anyone with a passion for shopping carts and a love of the great outdoors. Lists with This Book. It is pages featuring over pictures of shopping carts in various states of disrepair, imprisonment, and modified use. Other editions. Most relevant reviews. I have always been a fan of tongue in cheek parodies of naturalist field guides, and this one I found to be among the most elegant, funny, and thought provoking entries in the genre I've The Stray Shopping Carts of Eastern North America: A Guide to Field Identification. Read more This is one of those books shelved in the humor section only because most bookstores don't have a WTF section. Aug 11, Kayla rated it it was ok Shelves: adult. The third section illustrates and explains all the class B types. Jun 16, Anastasia Alexandra rated it it was amazing. Again, this is kind of a joke photography book that alludes to a more serious environmental problem. Want to Read saving. ... Recently Viewed. The librarian in me really appreciated the classification system!! Sometimes the images have a sort of post-apocalyptic beauty to them, sometimes they just show the disgusting lengths humans go to ruin our world. May 20, Arminzerella rated it liked it Shelves: nonfictionborrowed-from-the-libraryfield-guideshopping-carts. Although the book does contain hundreds of full-color, glossy photos of shopping carts; it is much more than a book only worth a chuckle. Totally brilliant. About The Author. If you're like me, this book will amuse you but it might make you write some poems. Julian has raised the bar very, very high. Most of the images are from around the Buffalo, New Yo To make things clear from the start: I'm a dork. To create our Error rating book. I really enjoyed the photographs illustrating various specimens, hidden in plain sight in the woods, marshes, streams, bridge underpasses, and parking lots of a landscape both natural and constructed. Note: I had an idea like this once — to photograph all of the abandoned cardboard boxes I was seeing in my daily walking mile-long commute to the bus stop. Just a moment while we sign you in to your Goodreads account. Yay Stewart! Please try again. Refresh and try again. Instead, it was a lot of pages of similar type, sad looking carts with a too long explanation. Escape the Present with These 24 Historical Romances. Shopping carts that were stolen from there natural habitats. Very amusing. This was a surprisingly dry and academic book. It is a very professional analysis of the vandalism of this particular site, with site diagrams and explanations of where the carts come from and why they end up there. Return to Book Page. Lounger Cart! Leave a Reply Cancel reply Your email address will not be published. Next in Playlist. I smiled throughout, but I also winced at photos he includes of carts in the most idyllic settings, such as lakes or flowing fields, so there's an underlying sad environmental A mock field guide, not to birds or wildflowers, but to the thing you find everywhere in the city or the wild, all over the planet: Shopping carts. This is one of those books shelved in the humor section only because most bookstores don't have a WTF section. I laughed, I cried. The result is at once rigorous and absurd, enabling the layperson to identify and classify their own cart spottings based on the The Stray Shopping Carts of Eastern North America: A Guide to Field Identification in which they were found. The title is exactly what you get - a detailed, full-color book showing the placement and condition of various shopping carts with a detailed taxonomy of class and type. Illustrated Paperback Field Guides. My only complaint is that there was no diversity of shopping carts shown. Here's a thoroughly researched, well illustrated, and serious field guide to a ridiculous subject. It looks interesting, but I don't want to mark it. The delightful thing about this book is The Stray Shopping Carts of Eastern North America: A Guide to Field Identification it is dead serious. Montague then dives deeper and explains the various types under the classes. I took a chance and just google image searched "funny shopping carts". Some of the specimens are common while others are The Stray Shopping Carts of Eastern North America: A Guide to Field Identification unique shopping cart situations. I don't know that I would necessarily recommend this book to anyone, but I suppose there is a certain sort of person whose book collection would be incomplete without it. Which is probably why this book is worth picking up and paging through. Apr 10, Beth Cato rated it it was amazing Shelves: innonfiction There are several amusing pictures. The classes plus the analysis of the Niagara Falls River Gorge complex vandalism super site had me chuckling out loud. In The Stray Shopping Carts of Eastern North America author Julian Montague has created an elaborate classification system of abandoned shopping carts, accompanied by photographic documentation of actual stray cart sightings.
