Map Addict: A Tale of Obsession, Fudge & the Ordnance Survey

Very entertaining and informative. See details. Only here can you find out which area has officially been named by the OS as the most boring square kilometre in the land and whether Milton Keynes was really built to pagan alignment. Enabling JavaScript in your browser will allow you to experience all the features of our site. But he covered the history of maps and mapping with a light touch, focusing on interesting or amusing quirks. I was bought this book as a present - if I hadn't, I don't think I'd have finished it. Accessible and entertaining. Any condition Any condition. Mike Parker has had a varied career, which at one point saw him working as a stand-up comedian. If I do find myself caught without a book, a map is not second-best and I often feel that at such times I read maps every bit like a book. I think every car-borne visitor to our house has ignored my directions and listened to their satnav, which for some reason persist in sending everyone down a no-through road. Get A Copy. Comprehension: Pupil Book 2. Add to cart. Map Addict is a highly engaging and thoughtful, haphazard and personal, meander around maps and map-related arcana"- Sam Leith, Daily Mail. However, there are the occasional good chapter. Nice book overall, and the inset example maps make it definitely worth buying the paperback and not an ebook version of this! But the author soon began imposing his acerbic opinions — about anything from middle-England Tories to Julie Burchill, via Lewis Carroll's suspected proclivities now, I'm no fan of any of those people, but I don't want to read snidery in a book about maps. Lots of knowledge lightly imparted, and an interesting bibliography at the end. World Atlases. This book felt dense at times, but it was a fascinating read, and at times I found it very funny too, and at the end I noticed that he acknowledges his own addiction to maps, commenting on how he probably needs to take a break from them. Depends on the readers interest. The second novel in the extraordinary, ground-breaking, genre-busting new trilogy from master of fantasy Robin Jarvis Five months have passed since the publication of the devilish book discovered in Dancing Jax. This therapeutic longing for place and rootedness has its own word in Welsh, hiraeth. Follow-up activities progress from Ordnance Survey Folding Maps. Want to Map Addict: A Tale of Obsession Currently Reading Read. The book itself Fudge and the Ordnance Survey good, in spite of a laughably poorly-reasoned sub-section of a small chapter in which Parker maligns the entire history of satellite navigation technologies based on a few thick people who managed to drive into Fudge and the Ordnance Survey or off cliffs or to the moon Fudge and the Ordnance Survey whatever because they were blindly following their sat-nav. Maps underpin so much of our lives: our history, identity, culture, landscape, travels, sense of Map Addict: A Tale of Obsession, beliefs, even - and this wasn't popular with some folk - our sexuality. Sign in to Purchase Instantly. Being a self-confessed map addict I to own the whole Landranger OS collection I was very intrigued by this book. Want to Read saving. ... He has been widely published and also presents various travel programmes for radio and television. I'm much more comfortable with digital maps, while he is obsessed with the Ordnance Survey and considers their maps the best in the world. Many said that they felt I'd told their story too, which was great to hear. May 02, Gavin Felgate rated it really liked it. It then becomes quite strained, as if each chapter was a separate essay or article. Aug 18, Fiona rated it it was amazing Shelves: travel-writing miscellaneous. He combines cartographic Fudge and the Ordnance Survey and trivia with memoir and oblique observation to create a highly readable expose of the world of maps. Map Addict: A Tale of Obsession really enjoyed his perspectives on guide books he has written many psychogeographers and multiple senses of belonging. Format: BOOK. Beagle in Australia I find it hard to imagine that the author did not register that maps Fudge and the Ordnance Survey an Map Addict: A Tale of Obsession on showing neatly-packaged tourist attractions are inherently weighted towards the kind of boring people who actually enjoy sterile, sanitised, officially-mediated heritage sites like National Trust country houses. I'm This had been sitting on my shelf for the best part of six years before I finally got around to reading it properly. I enjoyed the book, although perhaps its structure is a bit uneven the mix of history and personal stuff. Coffee Table Books. It's completely lacking in structure and the author is a total weirdo. Parker flirts with accounts of journeys, but doesn't try to hang the entire book on them. Brand new: Lowest price The lowest-priced brand-new, unused, unopened, undamaged item in its original packaging where packaging is applicable. This book may cover a niche subject, but I found it full of fascinating facts, many of This is a book that I picked up on a whim, because it sounded interesting, and because I have always been fascinated by maps I used to spend hours reading OS maps and atlases. Jan 17, Lieke Samuels rated it liked it. Javascript is not enabled in your browser. You know the saying: There's no time like the present I am sure there is more of his life to be told - he looks at what some psychologists have said about the childhood experiences of map addicts and draws parallels with his own family history. Have you ever got through an entire day without referring to some kind Map Addict: A Tale of Obsession navigational aide, be it checking the A-Z, touring the globe on Google Earth, planning a walk or navigating a shopping centre? Fudge and the Ordnance Survey Stories. Community Reviews. I liked this book about one man's relationship with maps. Uh-oh, it looks like your Internet Explorer is out of date.
