Jim Rogers | 255 pages | 27 Mar 2007 | RandomHouse USA Inc | 9780812973716 | English | New York, United States

Hot Commodities

This is my second book review on the precarious economic situation in global economics, specifically in America. Rogers is not as enthusiastic about gold. In the background, a bull market in commodities began. Corn is corn, lead is lead, and even gold is just another thing whose price depends on how much of the stuff is around and how eager people are to own it. You are commenting using your Google account. Whether you're a seasoned investor or buying your first property, this is the one book you can and will listen to it over and over. Start growing! The global balance sheet for the outgoing marketing year will show a surplus of Hot Commodities: How Anyone Can Invest Profitably in the World's Best Market to 10 million tonnes. Entertaining, informative, and invaluable, *The New Market Wizards* is destined to become another Schwager classic. He said he was aware of the risks involved in investing in anything. Peter Lynch, one of the most successful investors of all time, shows you how to use what you already know to make money in the market. In China, manufactured cars. Worth the time! The writing style of this book is so laid back it borders on conversational. The flow of this book is very good. You can start small—a few thousand dollars will suffice. They were in such a position that even the biggest brokerage was shutting down its practice. Before you invest another dollar anywhere in the world including the United States, read this book by the man *Time* magazine calls "the Indiana Jones of finance". Commodities dealings for many times more than that amount take place outside the commodities exchanges. Be prepared for the next great transfer of wealth. In short, Rogers pretty much expresses in simple terms that the supply and demand fundamentals of most commodities are way out of whack in his words. After that, he went to work on Wall Street. Like this: Like Loading Dario on Michael Phelps or Usain Bolt? These alternating, long bear and bull markets in metals, hydrocarbons, livestock, grains, and other agricultural products do not fall from the sky. When he returned to his office, he sold each share in his possession. Rogers's strategies are simple and straightforward. He lives in New York City. It's in commodities - and some smart investors will be riding that bull to record returns in the next decade. Carey: A world-class horseman and film director, lived a glittering jet-set life that Molly could never be a part of. Cancel anytime. Biggest problem is that book was written prior to crash which changed a lot therefore a little dated. The last thing anybody was thinking about was a commodity bull market. Next, lead, although history proves its usefulness, is widely bad—mouthed because of the effects it has on human health. What happens when ordinary people are taught a system to make extraordinary money? Each chapter about a commodity is interesting to read. Uh-oh, it looks like your Internet Explorer is out of date. This is the true story behind Wall Street legend Richard Dennis, his disciples, the Turtles, and the trading techniques that made them millionaires. The burned sugar itself is insignificant in the grand scheme—it represents less than 0. I found no insights from the author, it's just a history book, information you can find for free on your own. Amazon Customer He is the author of two successful trade books: *Investment Biker*, and *Adventure Capitalist*. The automobile market development in India and China will surely result in increased demand for lead. Show More. Open Your Mind—to Commodities A friend of mine recently called his broker at a major New York investment firm to discuss moving a modest chunk of his portfolio into commodities. Get Your Free Audiobook. That year Merrill Lynch, the largest brokerage firm in the U.S. You'll discover why smart money is not so smart - and why you may be a better stock picker than the pros, how to follow your hunches and back them up with facts, how to disregard Hot Commodities: How Anyone Can Invest Profitably in the World's Best Market on the economy and pick your own time to buy and sell, and how to determine which types of stocks are right for you. Some may even have been in diapers. When you get into your car or truck, you are surrounded by Hot Commodities: How Anyone Can Invest Profitably in the World's Best Market widely traded commodities. Jim Rogers is an author, financial commentator and successful international investor. Miraculously, there were no fatalities and only some light injuries. Javascript is not enabled in your browser. Burton Gustin on Striking similarities between... In addition to extensive damage to the facility, the fire destroyed tonnes of sugar, which had been stored in five warehouses. The increasing demand for oil around the world ensures the rise of sugar consumption.
