Sep 01, Sue Read rated it really liked it Shelves: picture-books. Imagination and excuses John Patrick is always late to school and suffers the consequences.

Until, that is, the very end of the book when there's a lovely twist. Familiar and varied John Burningham art work.

Summary: John long name is walking to school and a lot of strange things happen. He encounters lions, hairy gorillas, crocodiles, and tidal waves on his way to school. His teacher does not believe John Patrick Norman McHennessy: The Boy Who Was Always Late and punishes him for being late to school. The teacher ends up finding out the truth because he gets held up on the ceiling by a big hairy gorilla. Text and image: The text and the images correlate together.

Both the text and the images are absolutely hilarious. Literary Devices: flashback, irony, figurative language, and personification Jul 18, Kathleen rated it really liked it Shelves: kids-read-aloudip-read. Poor John Patrick Norman McHennessy, his teacher doesn't believe him when all these fantastical things happen. The adult reading the story, can probably guess the ending Gets what he deserves.

Perhaps not the best "lesson" book for kids as it could end up teaching them to not be helpful Mar 27, Emma rated it did not like it. I'm glad John was vindicated in the end but the teacher was a bit vicious. Oct 16, Andy Verschoyle rated it it was amazing Shelves: picture-booksyear-1year-2year-3year-4orphan-adoptionmagical-realismchild-empowerment.

JP has learned his lesson too and continues "along the road to learn" - NB not to learning. Sep 06, Luisa Knight rated it did not like it Shelves: picture-bookschildrenhoney-for-a-childs-heart. I'm really not sure what I think of this book. Why was it written? Is it to teach children that teachers can be mean, or to teach teachers that the unexpected can sometimes happen so be nice to your students?

Either way, it's odd. I also have hundreds of detailed reports that I offer too. These reports give a complete break-down of everything in the book, so you'll know just how clean it is or isn't. Visit my website! Sep 15, Imogen Turner-Stangroom This book was very interesting to read.

I enjoyed the way the child in the story was very imaginative with the stories he had made up for why he was late. I also liked the way though it portrays that it is not good to lie and there will be sanctions or consequences for doing so writing lines as telling lies is not good.

Oct 08, Holly rated it liked it Shelves: picture-booksrock-roll-storytime. Pink Floyd storytime idea. Oct 24, Rebecca Gale rated it really liked it. Great fun. Nov 14, Marcie rated it really liked it Shelves: children-s-classics. Loved this and can see pairing it with other books of excuses. Feb 17, Shelley rated it it was amazing. Inspired some great creative writing from John Patrick Norman McHennessy: The Boy Who Was Always Late class.

Mar 14, Denise Menger rated it really liked it. Fun, a good John Patrick Norman McHennessy: The Boy Who Was Always Late for adults to listen to kids, but maybe a bit too much focus on exacting revenge at the end. May 31, Jake added it. Could be used in PSHE lessons to talk about honesty and trust. Jul 09, Ashley Adams rated John Patrick Norman McHennessy: The Boy Who Was Always Late really liked it Shelves: childrenfiction.

Enchanting illustrations in an imaginative tale of a boy who sets out to learn. Jun 19, Jeff rated it liked it Shelves: children-s-literature. John keeps having out of the ordinary things happen to him as he "sets off along the road to learn" that cause him to be late.

He has an encounter with a crocodile, a lion, and a tidal wave. Each time "Sir" his teacher thinks he's lying, tells John there was no such thing, and punishes him. At the end, Sir has an encounter with a gorilla and asks John for help.

John tells Sir there's no such thing and goes on about his business. This is an odd picture book. There is an unusually long name of the main character that is repeated sixteen times.

This seems excessive. The illustrations show John as very small and Sir is disproportionately larger than the boy. This helped show Sir is the stronger, more overbearing person in the story.

Most of the illustrations are colorful. However, when John and Sir are interacting, the illustrations have a plain white background. The lack of color or background causes the reader to focus on the characters. I think this book has an John Patrick Norman McHennessy: The Boy Who Was Always Late way of relating to kids who would be able to relate to an adult not believing them when they are being truthful.

Every day he tries to get to school on time, but is always late — through no fault of his own. This is an amusing picture story, which will be enjoyed by younger children. It is also fantastically illustrated throughout. Boy with extremely long name is always late but for good reason. Be it tidal wave, a lion, or crocodile John Patrick Norman McHennessy's teacher seems never to believe them though and puts the poor boy to menial tasks like writing hundreds of sentences or standing in the corner for punishment.

It's no wonder that when something rather improbable happens to the teacher himself, John Patrick Norman McHennessy does not come to aid. Serves him right.

## John Patrick Norman McHennessy, The boy who was always late. | Teaching Resources

I came across this recently, and love it! I have the wonderful Mr. Gumpy's Outing. Both these books John Patrick Norman McHennessy: The Boy Who Was Always Late beautifully paced, and feel pervaded by a huge, playful spirit. Here's to your son's having the perceptive, inspiring teachers he so richly deserves! Post a Comment. With first grade a half year away, the looming idea of most teachers being great and some not so great is ever present, and one of my worst fears as a parent.

What if they think he's a daydreamer and a space cadet rather than an artist and a beautiful mind? If this book John Patrick Norman McHennessy: The Boy Who Was Always Late any indication, sweet justice is always available to those who stay true to their souls, no matter how big a jerk their teacher is. Case in point John Patrick Norman McHennessy set off along the road to learn.

On the way a crocodile came out of a drain and got hold of his satchel. John Patrick Norman McHennessy pulled and pulled but the crocodile would not let go. He threw a glove into the air and the crocodile snapped at the glove and let go of the satchel. John Patrick Norman McHennessy hurried along the road to learn but the crocodile had made him late.

You are to stay late and write out times, 'I must not tell lies about crocodiles and I must not lose my glove. After a run in with a lion and a tidal wave, the teacher becomes hopping mad at John, but soon sees the error of his ways when the outlandish tables are turned.

Birmingham always at his best. I had totally forgotten about the lost art of having to write something times and doing it one word at a time. Email This BlogThis! Newer Post Older Post Home. Subscribe to: Post Comments Atom.
