Get Even TV Review

I was so glad Caroline saw the boys taping things at the cemetery, so they knew they were behind the invitation, cause I felt so bad they would have showed up at the cemetery in their costumes. I do like when the girls are the ones to win. I died laughing at the end. Then she told Jake to go buy some drinks and Josh was in charge of games. It was a total shock. I thought all they'd done was the note in the spaghetti bowl, and they'd went to a party to enjoy their night, but they also used their Halloween night to get back at the boys. The ending was genius; it's amazing someone came up with all this. I read at the end that the author wrote a book for each month the girls were in West Virginia, so that'll be exciting to read, and I'm glad it doesn't skip much time.

It started good, but wasn't as funny as it went along. But I loved the ending. I can't wait to see where the next book will pick up. Dec 25, Andrea rated it it was ok Shelves: favorites. I couldn't wait for them to pull it off, but as always, their prank as ruined before it could get started.

Wally caught them trailing after and told the others, and they had the idea to lead the girls on a goose chase to get them lost in the woods. It was hilarious when Wally woke up to a hand inside the tent and he screamed bloody murder. Caroline was of course caught when she took it upon herself to search for the boys' clothes while her sisters were sleeping. Wally grabbed her hand and the boys tried to drag her to the river. The girls managed to get her back, but it rained through the night and they were soaked without a tent. Wally was actually worried about them getting home okay. But they had the Halloween costume contest in the parade to worry about.

Whoever won were the masters and the losers their slaves to do whatever was asked of them for a month. The boys sent Peter over to the girls' as a spy, under the guise of returning Caroline's missing sock and being worried about them. They wanted to find out what the girls were wearing. They recognized this and took advantage of the opportunity, pumping Peter for info and lying that they were going to be gypsies. He let slip that the boys were going to be pumpkin heads, and I was like finally! Some info the girls could use! But when Peter got back he revealed that he'd heard them talking about their costume in the pantry.

I was so mad the girls said their real costumes right there off the kitchen, knew he could hear. She had Peter have trouble remembering and I was hoping he wouldn't remember but he eventually did. So the boys tried to come up with a costume to beat a centipede, which was a vulture. Eddie and Josh had to grade each other's assignments and she saw on the back of his assignment where he had drawn their plan to be vultures and attack the girls with vomit, pee, and crap. The girls had to change their costume, now to a tree. The boys spied them looking for sticks and came to the conclusion that they were going to be Indians, a chief and squaw, and one would be a teepee.

Definitely not PC, and with them having a bet to be master and slaves. The girls' mom sent them with a pie in return, but the boys suspected it was full of "dog doo" and they massacred the pie. They knew they couldn't show it to their mom without explaining all their shenanigans so they ate the whole thing and replaced it with a store-bought pie.

I was irritated that Mrs. Hatford knew it had come from the bakery and got so upset that Mrs. Malloy would lie about baking the pie herself and the boys didn't even say anything. It was funny that the teacher made Wally participate in the play, and he acted out the footman to Caroline's Goblin Queen and had to say he obeyed her, and his face turned red. During the play Wally pulled Caroline's chair out too far and she fell down and everyone laughed. I was so mad at him.

But she went with it and had him carry her off the stage, so she won that round. The boys smashed their lizard costume and even though they were able to fix it, Eddie saw red and insisted on revenge. Caroline took it upon herself and got her scissors and popped the inner-tube of the boys' alien costume. They were all taken to the principals office and disqualified from participating in the parade. The boys made a fake invitation to a scavenger hunt from Eddie's friend to lure them into a cemetery on Halloween, and planned to dump spaghetti and worms on them.

Thanks to Caroline trying to find the right route to get there, she caught the boys at the cemetery and warned her sisters. They got there early and scoped things out and discovered the worm plan. The boys kept wasting trick or treating time waiting for the girls to appear. When they were finally going to leave, they discovered the spaghetti and worms were gone and a note from their mom said to get home this instant. Jake knew his mom wouldn't use the word instant and she always wrote, not printed. I was so annoyed thinking they had ruined the girls' prank. I was getting so mad thinking the guys would get the last laugh as always. I was thinking that the pranks hadn't been so good, not near as good as the first book, or the 5th. And then it happened. The guys were so upset that they had almost missed out on Halloween, barely got any candy because it was so late, and the fact that they had been spending so much time on the girls. They vowed to forget about the girls and the rivalry and get on with having fun again because they'd been so consumed with getting even.

And then they got home and found all three girls were in their living room, their mom asking why they invited them over and didn't even have the decency to show up, and that they didn't even mention it to her. She told Jake to use his money on drinks, Josh to get some games, and she took all their candy and passed it out to the girls! Finally the girls won!

The Hatford brothers and Malloy sisters are competing for first place in their school Halloween contest. Whoever wins the contest, will get to boss around the losers for one whole month. Neither side is above scheming, espionage, and sabotage to win this contest. Book 84 of I remember my third-grade teacher reading this series and I was immediately hooked. I read the first and second books to my fourth-grade class and they loved it.

They enjoy the constant boy vs. I would recommend this series for 3rd grade and up. Aug 26, Melissa Namba rated it really liked it Shelves: childrens. You will want to make sure you read the books in order, because it refers back to things that happened in the first book that might not make sense if you read it out of order. It was better than the first book, but the ending felt super rushed. May 16, Michaela rated it it was amazing. This book was good but it wasn't as funny as the last one This book was good but it wasn't as funny as the last one Sep 24, Rachel rated it liked it.

Loved by my daughter, tolerated by me. Apr 16, Melissa rated it liked it. I liked this one a bit better than the first *The Boys Start the War*, but I still didn't find much intellectual stimulation in it, so it was totally a reading-for-the-kids-sake book. It's hard to say no to a book that the kids laugh out loud at and beg for more when reading time is done. We'll probably be reading more in the series, or I will at least get them for the kids to read if they want.

Dec 27, Diane rated it liked it Shelves: families, friendship. Second installment in the Hatford vs the Malloys series revolves around the Halloween parade costume contest. The bet is on The boys are so desperate to find out what the girls are planning for their costume that they send Peter in as a spy. In the meantime, Caroline becomes the Goblin Queen in the school play, both groups are disqualified from the costume contest for destructive behavior and the boys Halloween party invitation backfires.

Aug 03, Rachel Wanlass rated it it was amazing. I thought it was amazing. I love how funny it was and how the girls got more revenge than "the boys started the war". I thought the boys were so cruel in that, I feel better about how the boys get in trouble I loved that not to be rude to them but, I hate how mean to the girls because they are not boys though. Jan 16, Reader Girl rated it liked it Shelves: jf. Like the first book, this is a good, fun, quick read. I definitely recommend reading the first one first. There are a few places where this book is repetitive, presumably because the author feels the need to fill in background information, but the information has already been included in this book and is repeating itself from this book rather than the previous one.

Feb 03, Camilla marked it as to-read. I wanna read this book so badly. Aug 24, Caroline rated it it was ok Shelves: series. A funny sequel to "The Boys Start the War". All in all, these stories were a lot of fun and we will probably read some more in the series. Aug 23, Zev rated it liked it. I read this when I was maybe ten. I cheered for the girls and especially adored bookish, horror fantasy-reading Beth. I didn't remember anything really about the book as an adult except the title. I found a book all by myself and didn't exclusively post anywhere! I'm anti-prank. As is common in 90s kid lit, they are defined by a single personality trait. The boys even give the girls mean n I read this when I was maybe ten. The boys even give the girls mean nicknames based off them. The Goodreads page count is so off, that I wonder what happened and why it isn't fixed. It's three hundred pages of a prank war. That's a long, long time for it to go on, even if this is two books in one.

The book has silly ones in it, and some that really could have gotten the kids injured pulling ladders out from under them, dead squirrels, locking someone in a metal shed, various others. A few more innocent ones made me giggle. I sided even more heavily with the girls as an adult. They go big or go home, from the very first trick of convincing the boys, without any words, that their sister is dead and has a water burial she's fine.

Dang, ladies! While the war goes on, both sets of parents have no idea what's going on. Part I ends with Caroline pretending rabies. I positively guffawed. Caroline is so creative! And she appears to be practicing an acting method I was trained in as a kid and have always used: Stanislavsky method. What a joy it was to read, especially her going into the auditorium. Adults sometimes do that when there's a ghost light on. Part II is more of the same, and it quickly wears thin. When I learned this was two stories in one volume that was part of a series, the weak ending made sense.

I'm glad I read this again, though. Jul 22, Cynthia rated it really liked it. This was one of my favorite books in elementary school. It's a book series, but I never knew that until a few years ago. I had only read maybe 5 before I aged out and started reading other books. But thanks to the library and the ability to borrow ebooks, I was able to read it in its entirety! And it's still amazing and funny and brings me back to a much simpler time. While I could write a little something for every single book, I decided to just write a collective review under the version th This was one of my favorite books in elementary school.

While I could write a little something for every single book, I decided to just write a collective review under the version that I physically owned. I had read it so many times that when I reread it now, I still remembered the dialogue and descriptions. The character of Caroline was insufferable though. Just wow. Such a drama queen. Mar 25, JBask rated it really liked it. I remember just loving this one when I was a kid. It was a laugh-out-loud sorta book. Looking now for a copy for my kids to read. Feb 01, Nicholle added it. One of the reasons this book is great is how it brings the story to life by using reality. Another good thing is about this book is it uses both sides of the story instead of one person it's more.

I enjoyed learning about the widow's walk, which is a balcony on top of the house, where wives of sea captains would watch for their husband's ship on the horizon. I hated that their big plan to steal the boys' clothes during the camping trip was spoiled. It would be nice to have a plan go off without a hitch. I was so irritated when I thought these books were guaranteed to be enjoyable, hilarious and a good read. Then it was back in the girls' court when Eddie sees a drawing one of the twins drew of their Halloween costume ideas.

Before you have a chance to enjoy a victory, something else had happened. It's a bit too much back and forth. Thankfully their guesses were way off; they thought they were going as a tepee and Indians, so that was good. I liked the turnaround, how this time it was the girl's mom who made the Hatford's pie so they had to bring the boys a pie over. I hated that the parents get dragged into it, so there's bad blood between them and they don't know what their kids are up to.

Hatford thinks Mrs. It was a leap for the girls to think the boys bought a pie just because Mrs. Hatford said it tasted like the ones from the bakery. Then the Hatford mom sees the girls buying chicken wire and tells her sons. It was funny when Caroline said it was strange how, with their mom working at a hardware store, the Hatford boys couldn't think up an original costume themselves. I didn't like the boys flattening their costume or Caroline popping their inner tube with scissors. Especially how she's the one who didn't go for them ruining the boys costumes.

They all got disqualified for ruining their costumes, so neither won, and no one had to be the others slave for a month, which was a bit disappointing even though it worked out for them. It was funny how the boys were really upset that it ruined their plans to take the tube to the river next summer. The parade was a disappointment because nothing happened, because they got disqualified. I thought the Georgia teacher of the Benson boys dressing as a belly dancer was a bit mature for this book. I was so glad Caroline saw the boys taping things at the cemetery, so they knew they were behind the invitation, cause I felt so bad they would have showed up at the cemetery in their costumes.
