Test Match Special is both a sporting and broadcasting institution that has become synonymous with the British summertime. Since its first live broadcast back in it has proudly lived up to its original slogan 'Don't miss a Ball, we broadcast them all'. During much of this time the man behind the scenes was Peter Baxter and here he recalls the best moments and characters from his privileged perspective inside the commentary box. From an early age I found that switching off the television commentary and putting on the radio made the cricket better. It was later in life that I realised that it got better still if you got rid of the television altogether. Cricket is best enjoyed at the ground but if you cannot manage this then Test Match Special is the next best thing. Actually its probably better. They've always had commentators that you don't care muc Test Match Special is one of the great things about an English summer.

They've always had commentators that you don't care much for but they've always had the gems of whom the two best have been Brian Johnstone and Jonathan Agnew. Though I'm not enthralled by Peter Baxter's telling of the story of the programme I am indebted to him for being the guiding light of one of the genuine crown jewels of British broadcasting. Nov 12, Lucy Traves rated it it was ok. This book is a must for any lover of TMS as I am as it contains a number of splendid anecdotes as well as giving a window onto the fraught world of sports broadcasting.

However, I think it's a great shame that Peter Baxter didn't find a decent ghost written as the book is very badly structured, and in places poorly written. I was also somewhat shocked by the casual racism throughout. It's such a shame as it ruined what could have been an excellent book. I love TMS. Even more so now that test cricket is no longer on terrestrial TV. This is the memoir of the man who produced it for a large chunk of it's history. Although it's not particularly well written the anecdotes do jump all over the place it does make me wish I started listening years earlier.
