Jackson R. Sep 09, Worth a watch although I have not finished the whole season. Michael P. Sep 01, I made it to Episode 4 and had enough. The plot line about the survivors was kind of interesting, but the pseudo-religious, supernatural stuff was impossible for me. And when they introduced the Weeping Angels from Doctor Who in that 4th episode, that was it for me. I really don't understand the depth of the feelings for this show.

It's average network TV at best. SteveIn S. Aug 26, This is so lame. Loved the first episode on the plane. No nuance and way way too much talking and worried looks but no real emotion. A shame. I'll text Mick. Adrian, the leader of the Church of the Returned and a Flight passenger, admits to Ben that he does not believe what he is preaching and Ben scolds him for Alice's actions. Director Jansen reports to the Major that he saw Ben at a church meeting. Michaela goes to visit Lourdes, only to find that Lourdes has left Jared. Cal draws Zeke's calling, showing the wolf with Michaela. A getaway van from a robbery is pulled from the East River three days after it crashed, which Michaela is assigned to investigate. When she opens the door the driver, James Griffin, lunges at her, gasping for air. February 11, In a flashback, James Griffin kills two guards and his two accomplices during a robbery. In the present, James is taken to the hospital where Saanvi works after he is pulled from his getaway van.

Griffin has a calling about a bomb threat which is overheard by Michaela, Jared, Ben, and Zeke, but he is sedated before they can learn more. Saanvi finds the blood marker in Griffin, and they realize he and his van were missing for 82 hours and 8 minutes. This was given a negative comment by Cody Webber. Michaela explains the callings to Griffin, who then decides to offer what he knows to the FBI in exchange for a reduced sentence. Zeke is arrested while trying to break into a townhouse, which he tells Michaela belongs to his mom.

The FBI grants Griffin immunity for the murders committed during the robbery and they defuse a bomb in Midtown Manhattan using information he gives them. Afterwards, Michaela has another vision of the black wolf. Griffin is released from police custody. Michaela, Ben, Saanvi, and Zeke all hear a calling to "Stop him". Suspicious of Zeke, Jared asks fellow officer Tony Diaz to follow him. Diaz sees Zeke purchase something in an alley. Michaela and Ben confront Griffin moments before he is about to reveal the callings on a TV talk show. Zeke is planning to shoot and kill Griffin to obey the calling. Suddenly, Griffin spews a massive amount of water, essentially dry drowning on a dry sidewalk. Olive and Ben calculate that Griffin died eighty-two hours and eight minutes after he returned — the same period of time he was gone. Ben calculates the Flight passengers will all die on June 2, , with Cal confirming he has had a vision of their deaths.

Grace tells Ben she is pregnant, but that Danny is most likely the father. Jared confronts Zeke in Michaela's apartment, believing Zeke bought drugs in the alley. When Zeke reveals he actually bought a gun, Jared and Zeke engage in a fight. As Michaela returns to her apartment, the fight triggers a gunshot fired off-camera. Michaela is hit by the stray shot, and she urges Zeke to flee the scene while Jared calls for help. Michaela has a calling involving Cal and a nosediving airplane. Kate Bowers becomes the new police captain to tie up some loose ends and has Michaela reassigned to having Drea Mikami as a new partner. Grace and Ben share the news of the pregnancy with the rest of the family, but keep it secret from Danny.

Michaela connects a reported missing couple named Anson and Trina Vasik with two flight passengers. Ben notices a van watching him and other passengers. After Cal tells him to stay close to Michaela, Zeke turns himself in to the police. They help them interpret their calling which revealed that a car containing a family is trapped on the cliff after the father had fallen asleep. Grace has not told Danny about her pregnancy. Still posing as a therapist, the Major tells Saanvi to either open up more or go to a recommended support group. Ben confronts the occupants of the van and is abducted by someone who is revealed to be Vance.

January 13, Vance tells Ben that he pretends to be dead to better track The Major. Michaela attends Zeke's trial, where he pleads guilty to fleeing a crime scene. When Grace and Ben go to determine who fathered her baby, she gets a calling telling her to halt. They realize the baby must be Ben's and the callings can be transferred via DNA. When Olive is told, she feels alone as the only family member not having callings and visits the Church of the Returned. Saanvi reveals the news about the baby to the Major in a therapy session. Ben meets TJ, an passenger and college student who is called to dig up the body of a female classmate. Jared arrests TJ when his fingerprints are found in her dorm room, but Michaela's callings help her reveal a security guard as the real perpetrator.

Ben meets an old friend who is now the dean at TJ's college, and she recommends he apply to work there. Cal and Michaela have the same calling again as Zeke is kept drugged in a special cell. January 20, Olive continues to attend the Church of the Returned who have become more fervent in their beliefs while Michaela fights for Zeke in court. Aware someone is passing her research to the Major, Saanvi sets a trap and identifies a mole in her hospital and her therapist as the leak. Meanwhile, Michaela helps Zeke get released from jail and Grace fails to fulfill a calling when it comes to a woman named Erika and a gargoyle. Ben is offered a job at TJ's college, but the hiring faculty member Simon White has a secret, sinister motivation as Erika is revealed to be his wife. The gargoyle sculptures on the college are then revealed. Angry at Michaela, Jared connects with a bartender named Tamara whose bar is frequented by the Xers, the group that has been harassing the passengers.

January 27, Michaela and Zeke share a calling that leads them to a bank that is being robbed. Michaela recognizes the gunman as an passenger named Logan Strickland who has shared the death date calling. They try to calm him and persuade the ESU to wait while they ensure he gets into the safety deposit box he is after. At the same time, Ben and TJ work through a separate calling that leads them to Logan's brother Frank. Frank has the key to the safety deposit box and Ben takes him to the bank. Logan believes it will save his life too, and he gives it to Michaela for safekeeping while he is incarcerated. Having learned about the death date, TJ is upset and Olive takes him to the Church of the Returned for hope. Following the incident at the bank, Jared meets Tamara for a date.

Meanwhile, the Major realizes she has been exposed and has Saanvi's research stolen from her lab and home. Saanvi tells Vance she had isolated the trait and was working on ways to both grant it to others and remove it from those who have it. February 3, Olive is the only witness when Xers vandalize the Church of the Returned and attack a member, and Ben receives a calling to "save her". Meanwhile, Grace's car is forced off the road by other Xers. In both instances, police dismiss the seriousness of the events because the victims are passengers and the attacks appear random. While being treated at the hospital, Ben and Grace learn their baby is a girl and assume the calling was about her. Ben and TJ review events and realize the Xer attacks have been carefully planned to divert police manpower. Olive tells Michaela what she saw and identifies a suspect, who directs the police to a meeting place for Xers. Jared knows Tamara's brother Billy was involved, so he leaks news of the coming raid to them and Michaela's strike team finds nothing.

In return, Jared is introduced to Simon White, the organizer of the Xers. Meanwhile, Zeke tries to make amends with Courtney, a woman he wronged as an addict. She initially rejects him, but later identifies herself to Michaela as Zeke's wife. Olive tells her parents about visiting the Church of the Returned, Ben tells Adrian to stay away from Olive. February 10, Ben and Michaela learn Saanvi is trying experimental treatments on herself. Courtney asks for help with a large debt to a dangerous drug dealer named Lucas. Zeke and Michaela try to catch him in a sting operation. Michaela finds pills hidden in Zeke's razor. Ben and Saanvi share a calling about a young boy named Theo who they learn is passenger Finn Nowak's illegitimate child. When they meet Theo, Saanvi recognizes signs of liver failure in the boy and Finn is a donor match.

Meanwhile, Olive and TJ research an ancient tarot deck connected to a calling and learn its creator was a mariner named Al-Zuras. Grace is asked to participate in a magazine story about the first baby. At Tamara's bar, Jared informs Billy how Michaela's return started to affect his life. Saanvi experiments on herself again, triggering a shared calling between herself, Michaela, Ben, and Adrian involving a crashed airplane and falling ash. Jean de Segonzac. February 17, As Ben and others try to make sense of the crashed, smoldering airplane calling, he confronts Adrian to discuss his preaching and the negative attention it attracts. Michaela confronts Zeke about the pills she found, but he claims to not know about them.

Saanvi's latest experiment results in the elimination of the mutation. Meanwhile, numerous passengers are invited to an event at the club where Isaiah works, with an offer of free champagne. However, the champagne has been spiked with gamma-Hydroxybutyric acid. Right after Cal gets a repeat calling to "save them", Isaiah locks the club's doors and starts a fire to prove the ers are miracles. While Ben, Michaela, Zeke and Jared are able to get several people out, numerous unnamed passengers die from either the champagne or the fire as TJ throws himself on top of Isaiah. A distraught Adrian walks away from the fire. March 2, Olive is still devastated by the events at the nightclub. Following an Xer meeting, Simon advises Jared to keep an eye on Billy as he can be a loose cannon.

Michaela and Drea witness Jared leaving the bar and kissing Tamara. After Drea infiltrates the bar and interacts with Billy, Michaela finds that Billy has had some arrest records. As the ruined nightclub is used for memorials, Ben's latest calling takes him to a zen meditation center. When he brings Olive, another chanting calling leads them underground where they find TJ still alive. With a warrant from Judge Trilling, Michaela secretly plants a bug in the bar, obtains evidence Jared is working with the Xers, and gives it to Bowers. Bowers privately shares the information with Jared. Saanvi kisses her former lover and fellow doctor, Alex, in a park. Alex, who is married, later confronts Saanvi at the hospital about the incident saying it cannot happen again, but Saanvi has no memory of the event. March 9, When Zeke goes to see Saanvi about the frostbite he is slowly developing, he finds that Saanvi has been developing short-term memory loss causing him to call in Alex.

Two internal affairs agents arrive at the th Precinct to presumably discuss Jared's involvement with the Xers, but they instead question Michaela about the cases she solves using mysterious means as well as her interaction with Isaiah the night of the fire. Michaela states that she will not continue until she gets a union representative by her side.

Jared confronts Simon about the situation. Simon says Michaela is a threat who must be disposed of. Cal's latest calling is shared with Ben, Grace, and a recuperating TJ, where they try to build something during what appears to be a thunderstorm outside. Thanks to some clues, they manage to pull together a makeshift ship's rigging, which briefly places them on an ancient boat from which they see Flight in the sky; they also learn that the ancient mariners who tried to get rid of the callings went mad. Alex is able to get a counter-agent injected into Saanvi as she advises her to be careful.

Recognizing the union rep from a previous Xer meeting, Jared has to arrest Michaela before the relocated meeting in order to keep her from getting killed by the union rep. March 16, After Michaela is bailed out, Jared and Kate reveal to her that Jared has been working undercover to disrupt the Xers. Grace gets a calling about a bridge over the Harlem River. She and Ben go there and find Adrian, who had the same calling. Grace's water breaks and Ben rushes her to the hospital. Shortly after, Adrian rescues a kayaker from the river. At the hospital, Ben has to make a choice to save Grace or the baby as the specialist surgeon has not arrived yet, and he chooses Grace against her wishes. It turns out the specialist surgeon who can save both Grace and the baby is the man rescued by Adrian. Despite this, Adrian tells Ben he still does not believe the callings are ultimately good. Jared is called to the bar where Billy and other Xers are holding Zeke captive.

Simon arrives with Erika and orders Zeke to be killed, which is heard by Michaela and others through the bug. This leads to Simon, Erika, Billy, and two other Xers being arrested during the police raid. Tamara accuses Jared of only getting close to her to capture the Xers which Jared denies. Adrian and Cal both have visions of three mysterious shadows of human forms.

March 23, As Zeke's death date approaches, Saanvi tries to convince him she is close to a cure. Ben and TJ get callings that lead them to rescue a man from a suicide attempt. The man turns out to be Zeke's estranged father Gordon, and Ben helps a reluctant Zeke make peace with him. Michaela stops a teenager named Oscar fleeing a store, and he confesses to stealing a candy bar. Michaela gets a calling to "let him go" and does so while watching Oscar board a bus.

She later learns from the bodega owner that Oscar also stole a large quantity of cold medication known to be used to cook methamphetamine. Michaela works with Jared to follow Oscar's steps, resulting in a bust at a meth lab run by ex-con Jace Baylor. Jace and his brother Pete were in cahoots with the bus driver Kory, who drove the bus that Oscar got on. At the lab, Michaela gets another calling to "let him go", but has to ignore it when Jace reaches for a weapon. Jace, Pete and Kory are revealed to be the three shadows in the calling that Adrian and Cal experienced. March 30, Jared and Drea try to get a confession from Jace, Pete, and Kory who seek revenge on Michaela and her family.

Ben has a calling to help a passenger who is racked with guilt, as he was also the man who inspected the plane just prior to Flight taking off from Montego. Saanvi attempts to contact Vance for help getting her credentials back and protecting her from the Major. Vance reveals that The Major has done her own research on the mutation. Michaela and Zeke get married; Zeke's mutually estranged parents are both present, and Michaela's late mother appears to her in the empty chair that was reserved for her. Jace, Pete, and Kory engineer an escape from the bus that is taking them to Rikers. TJ reveals to Olive that he plans on going to Egypt to continue his studies. Jace, Pete, and Kory later kidnap Cal and hold him for a ransom of their confiscated drug stash. Michaela tells Ben and Grace about Cal's kidnapping and takes meth from police evidence to trade for his return, with help from Jared and Drea.

A pedestrian notifies a patrol officer of the bag Michaela left behind, botching the trade as Jace flees with Cal. Zeke has a calling which helps them locate Cal in the Catskill Mountains. At a remote cabin, Pete frees Cal. Michaela, Ben and Zeke approach the cabin as Cal leads the three criminals onto a frozen lake. All fall through the ice, but Zeke jumps in, saves Cal, then dies. Within minutes, Zeke comes back to life, appearing free from hypothermia and the death date. Ben concludes that the only way to beat the death date is to follow the callings.

Elsewhere, Saanvi ignores Vance's requests and tracks down The Major, poisoning her in hopes of gathering information. As the two struggle, the sole vial of antidote breaks and The Major dies. Ben has another calling in which Flight explodes and crashes into the ocean. To Jared's disbelief, divers are unable to locate the bodies of the three criminals in the frozen lake. A Cuban fishing boat recovers the tail of Flight from the ocean, as a dumbfounded fisherman claims it is from the plane that returned. Ben and Vance are in Cuba to follow up on the tailfin. Upon touching it, Ben is thrown backward, which is caught on camera phone by a local boy.

A Cuban policeman sees the video and forces Ben to duplicate the incident, but Vance arrives to intervene. Michaela and Zeke are on their honeymoon in Costa Rica when Cal discovers a recent calling is of passenger Angelina Meyer. Michaela learns Angelina is being held captive in Costa Rica by her highly religious parents, who believe their daughter is possessed. She rescues Angelina, and Ben's plane is diverted to rescue the group. Saanvi runs a private medical clinic, but is shown following leads in a back room. A woman visits the th precinct and talks to Jared, stating she hasn't heard from her mother, Kathryn Fitz, with him unaware Fitz is missing. Ben and Michaela discuss the tailfin, now believing that Flight exploded and killed everyone, but they were resurrected for still-unknown reasons.

Jace, Pete and Kory are then shown emerging from the thawed lake and coming back to life. April 8, Michaela gets her suspension lifted and reunites with Drea. They view park ranger footage of Jace, Pete, and Kory walking out of the lake. They investigate and learn the men assaulted two campers and stole their RV. Angelina has a haunting calling that leads her to her old school. With Olive's help, she digs up a time capsule containing an old photo of herself at a King Kone stand, reminding her of a time when family life was normal. Pete tells Jace they should flee to Canada. Jace agrees, but first tries to score money at the place he worked years ago: the King Kone.

While there, Pete retrieves the photo that Angelina dropped. Jace and Kory leave without him when the cops come. Pete is arrested by Michaela and Drea, and says the photo has both himself and Jace in the background. Elsewhere, Grace tries to find a safe place for Cal with the three meth heads loose, forcing her to reunite with her estranged stepbrother Tarik. Also, Ben gets unexpected help from Tim Powell in rescuing Vance, while Zeke correctly deduces that Saanvi is troubled by something.

News breaks of the discovery of a piece of Flight in Cuba and the Stone house is inundated by reporters looking for answers. Vance is interrogated by NSA but insists he won't work for the government again, citing Fitz's attempt to have him killed. A calling leads Ben to passenger Eagan, who helps him locate and rescue a teenager from a museum that soon explodes. Ben takes the young man home and it's revealed that the teenager is Kory's brother. Olive follows up on the pieces of Egyptian artwork that TJ had given her, revealing more clues and a peacock feather at the same time that Cal has a vision of a peacock; the artwork suggests a connection to the Egyptian goddess Ma'at.

Eagan is later shown discarding a key piece of the artwork after selling artifacts he stole from the museum. Michaela follows a calling to her late friend Evie's home, only to find Glen dead on the floor from a massive heart attack. She and Zeke later agree to take care of Beverly. Angelina visits Pete at his jail cell, saying she feels like she's been called to help him like Michaela helped her. Jared questions Saanvi about the time she spent with Fitz as her fake therapist, making Saanvi nervous. Pete and Kory have a calling and an RV is shown with someone cutting out the eyes from photos of Stone family members. After being persuaded to rejoin the NSA while mentioning that Fitz' death has been covered up, Vance is led into a large room and reacts to something unseen. April 22, Two months later, Vance is heading up the task force for NSA.

He invites Ben and Saanvi to view the operation, with the tailfin now added to the plane wreckage. Vance shows Ben and Saanvi old security video of the tailfin vanishing and Saanvi recognizes the time stamp on the screen as when she killed Fitz, the same day Zeke rescued Cal and beat the death date. Ben enters a secure area and sees the body of passenger Kelly Taylor in an experimental container, remembering she was shot and killed over a year ago. He learns the body no longer shows a bullet wound, but has injuries consistent with a plane crash. Coupled with the return of the tailfin to the Caribbean, Ben says science now proves the passengers died on the plane. Zeke discovers his callings have changed, when he feels exactly what Beverly is feeling during an episode. He later uses this ability to get Pete to reveal that his high school football coach named

Hannity was forcing Jace, Kory and himself to deal drugs, which resulted in a teammate's death.

Using his pending death date as leverage, Michaela gets Pete to reveal that Jace is going to Coach Hannity's house right now. Michaela arrives to find Kory has been shot by Jace for trying to stop him, while Jace fled. At Kory's prodding, Michaela finds drugs in a vent and arrests Coach Hannity. Meanwhile, Jared and Drea learn more about Fitz's disappearance, as Emmett informs Vance that Jared is getting too close. April 29, Jared continues getting closer to the truth and is abducted by Emmett under the alias of Special Agent Fisher while Saanvi starts to understand the consequences of her choices; Jared is fed a story about Fitz being taken out by an enemy spy which Vance reveals is how he covered up her murder to everyone, including the government. With only a day left until his death date, Jace goes on a bloody rampage trying to get revenge on Michaela and Pete is taken to Eureka to have tests run upon him. In Jace's trailer, Michaela finds a drawing that matches part of the ancient parchment on Maat.

Levi suggests that it is a depiction of an ancient test called The Last Trial which featured three criminals whose stories match Jace, Kory and Pete. The story suggests that if Jace forgives Michaela and seeks redemption instead of vengeance, he will be spared. In exchange for Vance allowing Pete to help Michaela confront Jace at the lake, Ben agrees to allow Eureka to experiment upon him.

After Tarik brags at a bar about the themed restaurant he wants to open with Grace, the family's location is revealed on the internet by a reporter who overheard Tarik's pitch. While searching for Jace, Zeke is knocked unconscious, leaving an oblivious Michaela alone in her search. Michaela fights Jace who experiences a calling of Cal playing basketball and repeating "last chance". Convinced that his survival is connected to Cal, Jace kicks Michaela off of a cliff and goes after Cal. Michaela is later rescued by Zeke and Jared. Due to the family's whereabouts being revealed, the tires on both of their cars are slashed, stranding Tarik, Grace and Cal and revealing their location when Jace hears the call about the vandalism on Michaela's police car radio.

At Tarik's house, Jace ambushes the family, Pete, and Angelina when they arrive to help. Jace tells Pete that he believes the resurrections and death dates are all connected to Cal, so if Cal dies, they'll continue to live. Jace kills Tarik leading a vengeful Grace to attempt to kill him while Kory arrives to protect Cal. With time almost out, Ben convinces Grace to not shoot, and Jace soon spews lake water and dies.

Pete and Kory's injuries heal and they remain alive, seemingly beating the death date. Michaela promises to help Pete get early release in a couple of years for his good deeds, and Angelina promises to wait for him. After Olive stops the parchment from being taken away by two men, someone returns Ben's bag containing the final missing piece that Eagan had stolen. The parchment reveals that as the three men were resurrected together, they are being judged together. A shadowy figure rises from Jace's body, grabs Pete and Kory and causes them to die for a second time. Ben and Michaela are stunned by the realization that they "have it all wrong", while Angelina is devastated to lose Pete. May 6, Furious that Pete is now dead alongside the fact that they now have the bodies of him, Jace, and Kory in their custody, Dr.

Gupta says Ben and Saanvi have to leave the Eureka project after their current tasks are finished. Michaela, Eagan, and several other passengers get a calling of a dark cloud over the east wing of the building that houses the Eureka team, then they see Ben leaving the building.

According to Deadline 's Andreeva, the cast were no longer legally bound to the show after June. Thankfully, most of them signed on in September following the renewal regardless: Almost all of the stars of Manifest , except for the character who died at the end of season three and the character who unexpectedly aged no spoilers!
