This book is for travelers heading away from home who are unsure whether to kiss the air, shake hands, or bow; what to wear; and how to eat, speak, or dress. Learn how to walk the walk and talk the talk in foreign climes with this stylish reference book, an essential guide for those traveling abroad. Very easy to use and organized by country, Behave Yourself! Navigating the treacherous waters of international customs, beliefs, and morals has never been easy. Most of us spring a leak at some point in our travels-whether from our own ethocentrism and cultural blindness or from bad luck and a nimble pickpocket.

Here at last is a sound and savvy guide to polishing your behavior in 45 countries around the world. Each offers some unusual and often unexpected etiquette challenges. With concise tips on meeting and greeting, conversing, dining, dressing, and more, Behave Yourself arms readers with the basic, no-nonsense rules that separate ignorant tourists from welcomed guests. In addition to being a fun read, Behave Yourself will help you keep your foot out of your mouth, your wallet in your pocket-and your travel-weary backside out of the local lockup! Visit Seller's Storefront. Items can be returned within 30 days of the estimated delivery date. All returns must be approved before an item is shipped back. Keep questions to a minimum in. We offer you 10 essential business etiquette tips to create a more positive work environment and build stronger relationships with customers. Business cards — There are some cultures where the handing out business cards is especially.

A practical introduction to global etiquette and behavior standards for international travelers provides valuable information on such topics as Dress, Eating and Drinking, Greeting, Gifts and Tips, and Physicality, all organized by country for easy accessibility. This book is an essential aid to those traveling abroad for business or pleasure. In addition to being a fun read, Behave Yourself will help you keep your foot out of your mouth, your wallet in your pocket-and your travel-weary backside out of the local lockup! The last time the Emily Post Institute issued a guide to business etiquette was in , nearly a decade ago. Since then much has changed, including shifting gender roles, an expanding generational divide as older workers remain in the workplace, and of course the explosion of social media and smartphone use.
