# Existing Solutions

- **Fundamentals** – Long-term. requires continuous efforts, company's reports. Common method. Interpretation and sentiment prone.
- **Technical Analysis** – Very short-term. requires expertise, continuous daily labor, use lagging indicators, interpretation prone. Multiple false events.
- **Artificial Intelligence** – new, emerging technology
- **Cycles (Hurst)** – rarely used commercially, provide only few specific timing points (cycles correlation points)
- **Astrology** – a niche market. Can be accurate. (W.D. GANN)
