**SEPTEMBER 2018**

**Tablet Project Update-**

Tablets have recently been purchased to be given to Pastors at a reduced cost. These tablets contain many resource books that the pastor can easily access for sermon preparation, counseling, and other ministry uses. We are excited that this small affordable mobile device will be available to pastors that otherwise would not have had this quality material available to them.

**Construction Ahead:** Construction of the new dormitory on the **SEBIC** campus has begun. We are excited to see years of planning and praying unfold. We thank God for all that He has done. Following are some pictures of the development.

### The Construction Begins

Building is a process and it starts with clearing the land of rocks and digging many large footings for a firm foundation. Later some of the rocks are placed into the footings with cement. Isn't that how our lives should be built, with a strong foundation in Jesus Christ. Here are some photos to show you how things are going. If you are interested in helping with the cost of construction you can send the money to **BMM account # 802840 Peru Cusco Seminary Development Fund.**

The students are also working on the construction of the new dormitory. They are paid by the Work Study Scholarship Fund that has been established to assist students in paying of their room, board and tuition. If you would like to give to this

account please send to BMM in care of **Peru Cusco Seminary Work Scholarship # 802848**. We are very appreciative for all those who have helped students financially over the years to attend SEBIC and for the fruit that has been produced for His glory.

**PRAISES:**

\*Opportunities to share the Peru Ministry and thank you for the love offerings

**Prayer Requests:**

\*Scheduling of future ministry opportunities

\*Finances for future construction of the dormitory

\*For fellow missionaries, Lovealls, as they seek medical diagnosis and treatment for their son.

Thank you for your prayers and encouragement in the Lord
