

September - October, 2018

Dear Pastor and Church,

I pray this letter finds all of you dear people prospering in health, fruitfulness and faithfulness. I have not enjoyed good health for about three to four months. First, I developed a very painful back issue. I was treated with chiropractic care, weeks of physical therapy, and strong narcotic medicine. An MRI revealed a growth on my spine which obviously made surgery necessary. A compassionate friend, who is my Primary Care doctor, and a compassionate Surgeon arranged for surgery the next day after the MRI. A cyst was found on the spine with a nerve running through the cyst. Obviously, it was a delicate operation which caused some bruising of the nerve. My left leg and foot are weakened, balance is affected and care to prevent falling is necessary. With exercise I am gradually improving.

I was greatly blessed to recently present Grace Giving to two churches, one in Virginia and the other in Michigan. I have openings in my schedule and will rejoice at the opportunity to serve you and the Church. I will especially appreciate an opportunity to present the PNG Bible distribution project.

Dot and I are very grateful for your prayers and financial support.

Yours in Christ,

John Halsey
International Representative Emeritus, BIMI
